## **Benedictine Heritage**

Benedictine College is a four-year, Catholic, Benedictine, residential, coeducational college that provides an exceptional liberal arts education for students of all backgrounds and faiths. Our peaceful, wooded campus is located on the bluffs overlooking the Missouri River in Atchison, Kansas.

For over 1500 years, the Benedictine spirit has influenced the work and worship of men and women throughout the world. In 1856, at the request of the Most Rev. John B. Miede, S.J., Vicar Apostolic of Leavenworth, two Benedictine monks arrived in Atchison with the intention of founding a Benedictine school of higher learning for the people of Kansas. St. Benedict's Abbey was officially founded in 1857 and the monks opened a boarding school with six students in 1858.

The following year, 1859, St. Benedict's College was officially opened with sixteen students enrolled. From the beginning, the classical course served to prepare candidates for the priesthood, while the commercial course satisfied other needs of the pioneers. On June 13, 1868, the college was incorporated under the laws of Kansas and empowered to confer degrees and academic honors. After 1915, St. Benedict's gradually abandoned the traditional academy, greatly enlarged the curriculum, and became an accredited liberal arts college in 1927.

Seven Benedictine sisters arrived in Atchison in 1863 to begin a school for the townspeople. St. Scholastica's Academy for young women opened on December 1, 1863, with forty-four students. In 1877 the sisters purchased Price Villa, now called St. Cecilia's, and moved from their location near St. Benedict's to the present site of the Mount St. Scholastica Monastery. There the sisters continued their academy and in 1924 Mount St. Scholastica's Junior College was opened. The junior college soon became a senior college and in 1932 it conferred its first bachelors' degrees. In 1934 Mount St. Scholastica College was fully accredited by the North Central Association.

Over the years, the monks and sisters cooperated in their educational ventures, ultimately merging the two colleges on July 1, 1971, to form Benedictine College. During the years since then, Benedictine College has formed its own identity, one steeped in the history and tradition of its parent institutions.

## **Our Founders**

Our Founders, Saints Benedict and Scholastica gave everything to follow Christ in the monastic life. They were twins born into a wealthy family around

480 A.D. near the town of Norcia, Umbria, Italy. Their parents were faithful Christians who gave them a sound education and solid spiritual formation. Disturbed by the immoral conduct of fellow students in Rome, St. Benedict left and went to a place named Subiaco that became his hermitage. During this time a raven would bring him food. He worked, prayed, read, and studied there for several years before founding a monastery at Monte Cassino, an abandoned Roman fortress. Taking possession of the fortress, St. Benedict dedicated a chapel to St. Martin of Tours and St. John the Baptist. In this monastery he performed miracles, wrote a Rule, and challenged his disciples to follow Christ. Moments before his death, St. Benedict received the Eucharist, raised his hands to God, and made a final offering of his life.

St. Scholastica consecrated herself to God at an early age. She established a monastery for women at Plombariola, near Monte Cassino. As the first Benedictine nun she followed the Rule and was Abbess of her community where she excelled in teaching her disciples to follow Christ. St. Benedict had a vision of St. Scholastica's soul leaving her body and entering heaven in the form of a dove. The dove is a Christian symbol for her.

The earthly remains of Saint's Benedict and Scholastica rest together at the High Altar of Monte Cassino's Basilica Church under the Latin inscription, which translates, "St. Benedict and St. Scholastica were never separated in the spirit during their life nor are their bodies separated in their death." This brother and sister are patrons of the Benedictine Order and Benedictine College; may each of us follow them in humble service to God.

For further information about our patrons read the Rule of St. Benedict, and the Dialogues of St. Gregory the Great. It is possible to visit the Abbey of Monte Cassino and St. Scholastica Monastery to this day following a short trip from Rome.

*"These people fear the Lord, and do not become elated over their good deeds; they judge it is the Lord's power, not their own, that brings about the good in them."*

-St. Benedict, RB Prologue: 29

St. Benedict's Abbey in Atchison, Kansas is the third monastery founded in the American Cassinese Congregation of Benedictine monks. They seek to be Benedictine in culture, Catholic in faith, and Evangelical in words, works, and deeds. In our early years, colleagues from our motherhouse at St. Vincent Archabbey, Latrobe, Pennsylvania, dubbed us the "Kansas Monks." We monks wear this label with pride and wish to foster faith, education, and culture in the land and local church of the Archdiocese of Kansas City in Kansas.

**The Mission of Benedictine College**

Benedictine College is an academic community sponsored by the monks of St. Benedict's Abbey and the sisters of Mount St. Scholastica Monastery. The college is governed by an independent Board of Directors. Heir to the 1500 years of Benedictine dedication to learning, Benedictine College in its own time is ordered to the goal of wisdom lived out in responsible awareness of oneself, God and nature, family, and society. Its mission as a Catholic, Benedictine, liberal arts, residential college is the education of men and women within a community of faith and scholarship.

**As a Catholic college,** Benedictine College is committed to those beliefs and natural principles that form the framework of the Judeo-Christian tradition, and it is committed further to those specific matters of faith of the Roman Catholic tradition, as revealed in the person of Jesus Christ and handed down in the teachings of the Church. The College embraces students and faculty from all faiths who accept its goals, seeking in its members a personal commitment to the ideals and principles of a spiritual life and the expression of these in worship and action. Benedictine College promotes the growing involvement of religious and laity in the church's ministries.

**As a college founded on the Benedictine tradition,** Benedictine College inherits the themes handed on to us by the Benedictine family: peace, the balance of activity and contemplation, and the glorification of God in all undertakings. With the ideal of a common life vitalized by the spirit of St. Benedict, the members of the Benedictine College community can share work and prayer in common, faithful participation in the life of the community,

attentive openness to the Word of God, deep concern for issues of justice and peace, and the pursuit of moderation, hospitality, and care for the gifts of creation.

**As a liberal arts college,** Benedictine College is dedicated to a liberal arts education by means of academic programs based on a core of studies in the arts and sciences. Through these programs, the college guides students to refine their capacity for the pursuit and acquisition of truth, to appreciate the major achievements in thought and culture, and to understand the principles that sound theoretical and practical judgment require. In addition, the College provides education for careers through both professional courses of study and major programs in the liberal arts and sciences. As an essential element in its educational mission, Benedictine college fosters scholarship, independent research and performance in its students and faculty as a means of participating in and contributing to the broader world of learning.

**As a residential college,** Benedictine College supports and encourages the full development of its students through a community life that expresses and proclaims the worth and dignity of each individual. In a caring and supportive atmosphere, students are helped to develop a sense of meaningful purpose in life and encouraged to participate in programs that promote sound bodies, emotional balance, and dedication to the welfare of others.

*"The mission that the Church, with great hope, entrusts to Catholic universities holds a cultural and religious meaning of vital importance because it concerns the very future of humanity."*

John Paul II, Apostolic Constitution on Catholic Universities

*"We believe that the divine presence is everywhere."*

-St. Benedict, RB 18:1

### **Motto**

Transforming lives in Christ ---Romans 12:2 and John 15:4

Benedictine College Ministry exists to transform lives in Christ through His Church, by living in community with the students and those affiliated with Benedictine College and guiding them on their journey of intellectual, personal, and spiritual formation. Benedictine College Ministry aims to form men and women who are joyful in their vocation, leaders in their communities, competent in their profession, mature in their faith, virtuous in their decisions, and dedicated to serving the global human family by building a culture of life and civilization of love for the glory of God.

Through the work of Benedictine College Ministry, the Catholic Church on campus, graduates will bring Christ and his Church's mission to all aspects of culture, especially the family, social, economic, religious, and new sectors of society. Ultimately our goal is to help students experience eternal happiness with the Trinity in heaven.

### **Purpose**

The purpose of College Ministry is to meet the religious and spiritual needs of the student body through the teachings of Jesus Christ in the context of the Roman Catholic Church. The goal of College Ministry is to help students become well-rounded individuals by encouraging integration of faith into all aspects of their lives.

The fruit of faith integration shows itself in the academic, social, moral and spiritual life, and contributes to the psychological and physical well-being of the person. True faith integration informs reason and enables the person to make better choices in their own life as well as in the ways they affect the lives of those around them. Faith-integrated persons are an asset to their employers, who are provided with a highly ethical individual that has made their relationship with Jesus Christ the primary relationship of their life.

College Ministry is very similar to any other parish in its function and structure. College Ministry is responsible for planning all campus liturgies, as well as making available sacramental preparation (Confirmation, Marriage) to baptized Catholics and the Rite of Christian Initiation of Adults (RCIA) for students interested in coming into the Catholic Church. College Ministry works to provide students of all faiths with opportunities for evangelization, retreats,

works of mercy in the community, education in the Faith, vocation discernment, as well as building Christian fellowship between students through social and faith-oriented events.

To get involved in planning College Ministry activities and events, call or come by the College Ministry office in the St. JPII Student Center.

### **Vision**

Benedictine College Ministry will be the national model for Catholic college ministry reflecting bold identity reaching the entire campus by striving to help students become apostles and transform the culture for Christ. We strive to be one of the top five Catholic college ministry programs at the international level.

The same card also serves as a meal ticket and use of laundry machines for those students who board at the college, access to gain entrance into a residence hall, avenue for Raven Bucks to be used, and allows students use of the college library.

Cray Seaberg Hall, Room 314

Ext: 7410

### **In-School Refunds Generated From Overpayment or Loan Credits**

The College Business Office processes student refund checks generated from overpayment of charges or from credits generated by financial aid, scholarships, and loans. Federal guidelines are followed regarding receipt of loan proceeds and refunds.

#### **If I anticipate a credit balance on my account due to Financial Aid, what are my options for receiving the refund?**

You have two options: you may request a refund or request the funds be held and applied to your next semester balance. If you want the funds to be held until the next semester, please email the Business Office at [bcbusinessoffice@benedictine.edu](mailto:bcbusinessoffice@benedictine.edu).

#### **I want a refund. How can I receive my credit balance?**

Once all the funds are received and posted to your account, your credit balance will be available generally within 5-7 working days, but no later than 14 days. Students are encouraged to sign up for electronic refunds, as described below. Student refunds will not occur prior to the start of the semester in order to meet enrollment verification guidelines. Priority processing will be given to those students participating in direct deposit/electronic refunds:

1. You may opt to receive your refund via direct deposit to a bank account of your choosing through e-Refund, which can be set up through the third party vendor TouchNet, accessible through the "View and Pay my Account" link on RavenZone. Then choose the Electronic Refunds link to enroll. Care should be taken by the student

to enter the banking information accurately, in order for the eRefund to be successfully processed.

2. This is the College's preferred method of disbursing all student refunds:
  - a. Direct deposit is safe, secure and quicker than paper checks.
  - b. You do not have to wait for a paper refund check to arrive at your home address.
  - c. You do not have to worry about getting to the bank before it closes, as when you deposit a paper check.
  - d. There is protection against theft or loss.
3. You may request a paper check refund that will be mailed to your home address. Refund checks should be cashed promptly, as checks over 180 days (approximately 6 months) are considered stale-dated and may be voided and returned to the federal government, per Federal Title IV regulations.

**Can an eRefund (direct deposit) be made to any bank?**

Benedictine College can direct deposit to any U.S. financial institution with electronic funds transfer capabilities, as most banks participate in the electronic funds transfer network. Contact your bank if you have any questions about the bank's ability to accept direct deposit.

**How will I know when funds have been deposited in my bank account?**

Notification will be sent to your Benedictine student email account.

**How do I enroll in eRefund?**

Log into your RavenZone account, and go to "Student Finance" on the upper left hand side. This will take you to an overview of your balance. On the right hand side of the overview, click on the "Make a Payment" link. This link will direct you to Benedictine's third-party provider secure web page, TouchNet, where you need to click on "Electronic Refund" link" – from here you can follow the prompts to get signed up, it only takes a few minutes. If you anticipate a refund, please enroll as soon as possible. The student is solely responsible for entering the correct banking information, so please double check what you enter.

**Can my parents get their PLUS loan refunds through direct deposit?**

This functionality is not currently available; however, Benedictine will continue to work toward making this a possibility.

**Refund Policy**

To receive any refunds or adjustments from the Business Office, the student MUST follow these procedures to officially withdraw/drop from a class. After classes begin, to be considered for any potential refunds or adjustment on the

student's tuition statement from the Business Office, the student MUST follow these procedures to affect an official withdrawal/drop from class:

1. For a reduction of credit hours, complete the change of schedule process as directed by the Office of Academic Records and Registration.
2. For withdrawal from a residence hall or board contract, obtain approval from a Residence/Student Life officer and complete a written withdrawal form in that office.
3. For total academic withdrawal, complete a written withdrawal form in the Office of the Director of the Student Success Center and the Student Life Office. These offices will notify the Office of Academic Records and Registration, and the Registrar will obtain the student's last date of attendance in class. The withdrawal date and the date of last attendance both impact the calculation of any potential refund, tuition adjustment, or aid adjustment, as further explained in the section titled "Government Regulations for Adjustments, Refunds and Repayment of Award Monies under the Title IV Program."

### **Fees**

Individual course fees, as well as any program fees, will not be refunded once the semester begins.

### **Tuition Adjustments/Refunds**

Undergraduate students who drop individual courses but remain enrolled as full-time students (12 to 18 credit hours) will not see a change in the full-time tuition charge. For the first six class days of each semester, a change in status from full-time enrollment to part-time enrollment (less than 12 credit hours) will impact charges as well as eligibility for financial aid. Part-time students are not eligible for certain financial aid; contact Financial Aid Office for further information. After the sixth-class day of the semester, there will be no change in tuition charges or financial aid when dropping classes that cause a student to go from full-time to part-time enrollment status; the student's enrollment status "freezes" for the purpose of charges as well as receipt of financial aid. When part-time students drop individual courses after the sixth-class day, tuition charges related to the dropped class will be prorated based on the date the student officially drops the course, according to the Tuition Adjustment schedule below.

Students whose status changes from part-time to full-time after the first six days of the semester but during the time period allowed to "add" classes will see a change in charges.

Tuition overload charges: There is an additional per credit hour tuition overload charge if a student is given permission to take more than 18 credit hours in a

semester. The student will be charged the full per credit hour tuition overload rate regardless of when the student moves into the overload status. Tuition overload charges will be refunded based on the date the student officially drops the overload course, according to the Tuition Adjustment schedule below.

When enrollment status changes, students are encouraged to meet with Student Billing in the Business Office to understand how charges will be affected and with the Financial Aid Office for a clear understanding of how aid may be affected.

When a student withdraws from, tuition charges will be adjusted following the schedule below. Overload tuition charges will be refunded at the same rate as other tuition charges. Students should request a withdrawal form from the Director of the Student Success Center, in order to begin the official withdrawal (exit) process. Tuition charges will be adjusted once the withdrawal date is recorded in the Office of Academic Records and entered into the student's record.

A student who registers for a summer class but does not ever attend the class and does not drop the class before the first day of the session will be charged a \$50 Nonattendance fee. For students taking an online class, logging into your class is considered as attending the class for one session.

The college also partners with other academic consortiums to offer additional online classes to Benedictine College students, allowing students the opportunity to improve their Benedictine GPA and enhance or maintain academic progress toward their degree. The consortium classes offered have been reviewed and approved by the Benedictine College Registrar. Students that enroll in these classes take a class taught by a partner institution and transfer the credit and the grade back to Benedictine College. These classes are, generally, very compact in nature and have various start dates. As a result, they have a tuition refund policy different than Benedictine's published policy stated above. Refer to refund timeline below.

<b>Tuition Refund Timeline for Consortium Classes</b>	<b>Tuition Refund</b>
Drop class <b><u>BEFORE</u></b> Day 1 of class	100%
Drop class Day 1 or Day 2 of class	80%
Drop class <b><u>AFTER</u></b> Day 2 of class	No refund

**Tuition Adjustment-Refunds, for Students in the Master of Business Administration (MBA) program:**

Tuition for MBA students is charged on a per-course basis; tuition refunds are calculated in the same manner, using the tuition refund percentages shown below. Course fees are nonrefundable once class begins. It is the responsibility of the student to notify the college of the student's intent to withdraw from a course. Tuition charges will be adjusted once the withdrawal date (defined as when the student notifies the college) is recorded in the Office of Academic Records and Registration and entered into the student's official college record. MBA students are encouraged to discuss financial consequences of withdrawal with Financial Aid & Student Billing before withdrawing. MBA Students who do not attend and do not notify the college before the start of class will be charged \$50 Nonattendance Fee.

**For Graduate Education Students:** Students should refer to the Refund and Withdrawal Policy as stated in the Graduate Education Program Handbook given to them at orientation.

**Room and Meal Adjustments/Refunds**

A student signs a contract with the Student Life Office for each full academic year regarding his or her campus residency status while attending Benedictine College. Rooms and meal plans are assigned and charged to a student's account by semester. Refunds for the semester may be given as long as a student provides written notice of withdrawing from college at least one full week prior to the start of classes, and the basis for cancellation meets the criteria as defined by Student Life Office. This gives the college the opportunity to make the space available to other students. In cases of this type of notification, all of the room and meal plan charges are refunded.

From the week classes are scheduled to begin, room charges are refunded on a pro-rata basis up to and including the 20<sup>th</sup> Day of the semester; after this date, no refunds for room charges will be awarded. Meal plans are refunded on a pro-rata basis. The eligible refund period for room and board begins the day after the student has moved out of the dorm and also returned all keys to the residence director.

**Student Account Credit Balance Refunds**

To assist in offsetting the cost of attendance when a student withdraws, financial aid will be earned and repaid according to the Government Regulations for Adjustments, Refunds and Repayment of Awarded Monies under the Title IV Program described below.

**It is possible that a student who withdraws may still have an outstanding balance payable to Benedictine College after institutional charges and financial aid have been adjusted. Students should meet with the Financial Aid Office to understand the financial aid adjustments to their account, and should also meet with Student Billing in the Business Office to understand the adjustment process and to make payment arrangements for any remaining balances. *The College reserves the right to hold transcripts until all balances have been paid in full.***

**Government Regulations for Adjustments, Refunds and Repayment of Awarded Monies under the Title IV Program (Financial Aid)**

Students are awarded financial aid at the beginning of each academic term with the expectation that student will complete the entire term requirements. When students withdraw from the College prior to the end of an academic term, the student's educational charges billed by the institution, and the financial aid previously awarded/disbursed to the student's billing account may require adjustment. Adjustments to the students' financial aid are based upon withdrawal adjustment/refund guidelines of the US Dept. of ED. For withdrawing students receiving financial aid, adjustments to aid will be based on the last date of class attendance and as set forth in The Federal Refund/Adjustment Policies contained in the provisions of the US Dept. of ED relating to financial aid received, and is summarized below. Students are encouraged to meet with the Financial Aid Office for clarification of the impact of individual situations.

Federal regulations require the use of the Return of Title IV Funds policy to be used for all students receiving any type of federal aid when calculating the aid a student can retain after withdrawing. This policy relates to Federal Pell and SEOG Grants, Federal Direct student loans, and Parent PLUS Loans. At Benedictine College, the same policy will be used for state, institutional, and outside aid sources.

These regulations govern the return of aid disbursed for a student who completely withdraws from a term or payment period. During the first 60% of the period/semester, a student "earns" aid in direct proportion to the length of time the student remains enrolled. The percentage of time the student remained enrolled determines the percentage of disbursable aid for that period the student has earned. The percentage of the period the student remained enrolled is based upon the number of days the student was enrolled, in comparison to the total number of days available within the applicable academic term (divide the number of days enrolled by the total days in the enrollment period, or semester). A student who remains enrolled beyond the 60% point earns all aid for that academic term.

If a student has not earned all of the federal aid received to date at the point of withdrawal, funds will be repaid in the following order:

1. Federal Direct Unsubsidized Loan
2. Federal Direct Subsidized Loan
3. Federal Direct PLUS Loan
4. Federal Pell Grant
5. Federal SEOG Grant
6. State grant and scholarship funds
7. Institutional aid
8. Scholarships from outside sources

### **Government Regulations for Cash Refunds to Students Awarded Monies under the Title IV Program**

The Benedictine College refund policies, or any portion thereof, is subject to change without notice due to subsequent changes in federal regulations that apply to the college policy. With the federal schedule directing return of borrowed federal loans first, it is very likely the student who withdraws will still have an outstanding balance with the institution.

### **Government Repayments**

If a withdrawing student received financial aid in excess of direct costs (tuition, fees, room, and board), a percentage of this aid may have to be returned. The amount will depend on how many days the student was enrolled and the amount of aid received. Details should be discussed with the Financial Aid Office.

**Communicable Diseases:** In the event of a disease outbreak on campus, those individuals who have elected not to be immunized or those who have not provided health records may be treated as susceptible to the disease and may be barred from the Benedictine College campus and all avenues of participation, until such time as it is specified by the Atchison County Health Department and Benedictine Student Health Services that the student may no longer be susceptible. This time period could involve weeks to months. No costs will be refunded to the student in the event that the student is not able to attend class because of lack of immunization.

**Natural Family Planning** – While Natural Family Planning training is provided by Campus Ministry, it relates directly to the reproductive health of men and women. Natural Family Planning helps couples achieve or postpone pregnancy by observing the natural signs of fertility in a woman's cycle. Dioceses throughout the United States often require training in the method prior to marriage. For Sacramental Preparation, please contact College Ministry.

### **Academic Misconduct**

#### **Procedure for Processing an Allegation of Academic Misconduct**

Benedictine College endorses the principles of academic honesty. Any academic misconduct is contradictory to the purposes and welfare of both the

student and the college. Academic misconduct includes, but is not limited to, cheating on examinations; plagiarizing; failing to properly document sources either intentionally or unintentionally; turning in work prepared by another source, falsifying data and documents; or gaining or giving unauthorized access to assessment materials.

In the case of an allegation of academic misconduct, the faculty member verifies the incident, as best as is possible. The instructor meets with the student to discuss the allegation, present the evidence, makes certain that student understands the situation, and clarifies any questions that the student may have in order to prevent further instances of this type of academic misconduct. It is important to have both the instructor and student sign the form before submitting it to the Associate Dean to show that this meeting has occurred. The student's signature means that s/he has met with the instructor. It does not mean that s/he agrees with the allegation.

It is expected that the student will behave in a manner consistent with the values of Benedictine College in interactions in an academic context both inside and outside of the classroom. Should a student engage in inappropriate or aggressive language or behavior in relationship with faculty, or disruptive behavior in or out of the classroom, a faculty member may document the incident with the student and Associate Dean present and the student may be subject to appropriate sanctions.

### *Consequences*

A first offense of academic misconduct, whether intentional or unintentional, generally will result in an "F" or a zero grade for the assignment, examination, or project connected to the academic misconduct and will be reported by the instructor to the Associate Dean who then will report this to the student's advisor and, if appropriate, the student's coach. In a particularly egregious case of misconduct the instructor may consult with the Associate Academic Dean to apply a penalty of "F" for the course, or a more severe penalty. If the penalty is the assignment of a final grade of "F," the student will no longer be permitted to attend the class and will not be permitted to withdraw from the class, regardless of when the offense occurs. The "F" will then become part of the student's permanent record.

A second offense for a given student— assuming that the student has been notified of the first offence —, over his or her entire time as an undergraduate student at Benedictine College, will result in a face-to-face meeting with a review panel consisting of the Assistant Dean of Student Success, a member of the Student Affairs Committee, and another faculty member of the student's choice. This panel will decide on a course of action based on all reported instances of the student's academic misconduct, which generally results in a failing grade in the class.

Additionally, depending upon the magnitude of the academic misconduct, the student may be suspended or be subject to dismissal from the College. A third or later offense will result in a meeting with a panel consisting of the Dean of the College, the Associate Dean, and a faculty member of the student's choice. This panel will decide on a course of action based on all reported instances of the student's academic misconduct with a maximum penalty of dismissal from the college.

### ***Due Process***

In any allegation of academic misconduct, students have the right to appeal the allegation if they believe they are not guilty or to appeal the punishment if they believe it to be excessive. The Associate Dean coordinates this process. In an appeal, an ad hoc committee consisting of three full-time faculty members, one of whom may be nominated by the student, independently considers the evidence, and each makes a recommendation regarding the appeal. The Dean of the College considers the evidence, the recommendations of the ad hoc committee, and makes the decision regarding the appeal.

The student may appeal the decision of the Dean of the College to the President within five business days from the time of the notification of the Dean's decision.

**For the first offense**, the Associate Dean will send an official notification of allegation of academic misconduct to the student. The letter also describes the appeals process to the student.

**For a second offense** for a student over his or her entire time at Benedictine College will result in a meeting with a review panel consisting of the Associate Dean, a member of the Student Affairs Committee, and another full-time faculty member of the student's choice. (*NOTE: Before this panel is convened, if the student believes she or he is not guilty of the alleged academic misconduct, the student is given the right to appeal as described below.*) This panel will decide on an appropriate course of action based on all reported instances of the student's academic misconduct. This course of action generally results in a failing grade in the class. Additionally, depending upon the magnitude of the academic misconduct, the student may be suspended or be subject to dismissal from the college.

**A third or later offense** for a student over his or her entire time at Benedictine College will result in a meeting with a panel consisting of the Dean of the College, the Associate Dean, and a full-time faculty member of the student's choice. (Before this panel is convened, if the student believes she or he is not guilty of the alleged academic misconduct, the student is given the right to appeal as described below.) This panel will decide on a course of action based

on all reported instances of the student's academic misconduct with a maximum penalty of dismissal from the college.

### ***Appeal Process***

A student must request an appeal within the time specified (usually 5 to 7 school days) of receiving the notification from the Associate Dean. An appeal may be made if the student believes she or he is not guilty of the alleged academic misconduct or that the punishment is too severe. The appeal is to be made in writing and is to explain the reason(s) for the appeal. The appeal may include such documentation as appropriate. (See the attached for determining whether an appeal is appropriate for the situation.)

The student's written appeal statement is then provided to the faculty member who made the allegation so that she or he can further explain their initial reasoning or answer any of the student's claims before it is sent to the ad hoc committee.

The Associate Dean's office, in consultation with the Dean of the College, appoints an ad hoc committee of three full-time faculty members to review the incident. The student has the right to nominate one of the three faculty members. This group independently reviews all the documents but does not meet as a group or consult in any way with either the faculty member or the student involved. Neither the faculty members nor the student knows who any of the other members of the committee are so that all work is done independently.

After each of the members of ad hoc committee each submits his or her decision in writing to the Associate Dean, the Associate Dean provides all the evidence to the Dean of the College. The Dean considers all the evidence and makes a judgment. The Associate Dean's Office will notify the student, the faculty member, and the student's advisor of the decision of the Dean of the College.

If a student believes that for some reason the decision of the Dean was not fair or that the ad hoc committee did not accurately understand all information presented, a final written appeal may be made to the President of the College. This appeal is to be sent to the Associate Dean within five business days of receiving the notification from the Dean. The information that was presented in the earlier appeal to ad hoc appeal committee will also be shared with the President along with the new written appeal of the student with the new evidence/appeal. The decision of the President is final. The President's decision will be shared with the student, the faculty member, the student's advisor, the Dean of the College, and the Associate Dean of the College.

If the student wishes to drop the class in question but is unable to do so since s/he is in the middle of an appeal and the last date to drop a class with a “W” pass, the student has two class days to drop the class after the appeal is finalized IF that is still an option. This “drop with a “W”” needs to be processed with the Associate Dean during this time frame.

#### **Clubs and Organizations**

Students are encouraged to form and join organizations that contribute to the development of the whole person. The College, with the student government, provides many opportunities for cultural growth. Nationally known speakers, lecturers, players, and musicians appear on the campus each year. Regularly scheduled student recitals, the Atchison Community Concert series, a regular program of professional performing arts events and film series sponsored by the Convocations Arts Committee, and the opportunity to hear prominent educators and artists who appear in the greater Kansas City area also serve to enrich the lives of the students.

Students enjoy a full, coordinated social schedule of activities. Activities include barbecues, athletic games (soccer, football, volleyball, baseball, softball, basketball), Homecoming, Spring Formal, bands, theater performances, and a social justice week.

In addition, there are many clubs and organizations including national honor societies, social and religious organizations, and service clubs. Early in the year students have the opportunity to become acquainted with the full range of organizations, their functions, and activities.

#### **Statement on Clubs and Organizations**

Benedictine College reserves the right to register groups of Benedictine students who wish to create formal organizations.

Benedictine's policy is to encourage free discussion of moral issues as part of the educational process. Benedictine College grants official recognition to those organizations whose purposes and goals, activities and programs are consistent with the educational mission of the College and with a Catholic and Benedictine institution of higher education. To that end, student organizations

must not, in any way, be contrary to or partake in activities contrary to the teachings of the Catholic Church.

Registration of a student organization by Benedictine College is an acknowledgment that the organization has complied with registration procedures. The College will grant all rights and privileges accorded to every registered organization. Registration of a student organization implies that the College approves the organization's constitution and bylaws.

Registration does not indicate or imply that the College endorses the views of the organization's membership, or the views expressed at meetings. The individuals involved are solely responsible for any views held or expressed. Only student organizations which maintain good standing as officially registered student organizations by following all applicable policies and procedures will be authorized to use College facilities or services, or be permitted to identify themselves directly or indirectly, with the College's name or credit. The College reserves the right to review the activities of student organizations and to monitor compliance with college policies.

The authority to officially register student organizations is under the Executive Director of Clubs and Organizations, the Director of Student Activities, and the Dean of Students. All student organizations are directly responsible to these individuals in the Student Life Office.

A registered student organization shall be defined as a group of Benedictine students joined together in the pursuit of a common purpose. Student organizations are open to all students without regard to race, creed, sex, national origin, or any other classification protected by law, though the College, in maintaining its Catholic character, may protect its religious freedom in accordance with applicable laws and constitutional provisions allowing the College to act in furtherance of its religious objectives.

### **Registration of New Groups**

A group of five or more Benedictine College students may apply for registration through the Student Government Office. The proposed organization must submit the following:

- An application form which includes the proposed name of the organization, a statement of purpose and the name of an advisor who is a member of the Benedictine faculty, staff, or administration. The official name may not include the name "Benedictine College."
- A list of officers and members for the proposed organization.
- A constitution and by-laws.
- Signature approval from the Executive President of Student Government Association, the Director of Student Activities and the Director of Clubs and Organizations.

- An annual review on the above items as well as the organization's activities.

### **Officers/Membership**

All members must be currently enrolled students of Benedictine College. Groups may offer membership to Benedictine College faculty, administration, alumni or staff on an associate member basis. Associate members may not hold office or vote.

The officers/editors of all student organizations must be in good standing (not on academic or disciplinary probation) at the time of their election or appointment and throughout their terms of office. Officers are required to be enrolled in at least ten credit hours each semester during their term of office. A student is considered to be in good academic standing as defined by the policy of the college.

### **Social Activity Guidelines**

Only recognized college organizations, clubs, or the Student Government Association may sponsor student activities. Events are to be consistent with the College's four-pillar mission. The Student Activities Director must pre-approve such activities.

Direct responsibility for the proper functioning of a social event belongs to the officers of the promoting organizations. Failure to maintain commonly accepted standards of social conduct will subject the sponsoring organization to censure by the Student Government Association or by the College.

#### **Emphasis is placed on the following specific regulations:**

1. At least one faculty or staff member or administrator must be present at all events.
2. The sponsoring organizations must maintain sufficient personnel to maintain an orderly atmosphere.

## Residence Life

---

Eli Pruneda, Director of Residence Life  
St. JPII Student Center 204

Ext: 7500  
epruneda@benedictine.edu

Benedictine College has a rich tradition in residential living. Our residential tradition is rooted in the Benedictine Order who founded the first universities in Europe and established the first residence hall or dormitories near these monastic centers of Catholic education as early as the 5th century. A residence hall becomes a home to students who are welcomed because, in them, Christ is received (Rule of St. Benedict, 53:15). Today, residentially is the fourth pillar in the College's four-part mission and students who grow in friendship and fellowship with one another in their residence halls best express it.

The residential experience at Benedictine College supports and encourages the full development of students through a community life that expresses and proclaims the worth and dignity of each individual. In a caring and supportive atmosphere, students are helped to develop a sense of meaningful purpose in life and encouraged to participate in programs promoting sound bodies, emotional balance, and dedication to the welfare of others.

The college residential program provides a variety of facilities and competent personnel to assist the student in mental, physical, spiritual, and social development. The residence halls are administrated by the Student Life Office, Residence Directors (RDs) and Resident Assistants (RAs) who have been trained to respond to crisis situations with skill, efficiency and sensitivity.

Regulatory policies are established to the extent necessary to insure consideration for the time, privacy and value system of each resident, the total community, and the goals of Benedictine College. RDs and RAs also serve to enforce college regulations. Therefore, the Dean of Students, Director of Residence Life, and residence hall staff is authorized to enter rooms when they suspect there is evidence of a violation of college regulations, or for the purpose of maintenance and emergencies. Maintenance staff is authorized to enter rooms for the purpose of maintenance.

*A Catholic University pursues its objectives through its formation of an authentic human community animated by the spirit of Christ. The source of its unity springs from a common dedication to the truth, a common vision of the*

*dignity of the human person and, ultimately, the person and message of Christ which gives the Institution its distinctive character. As a result of this inspiration, the community is animated by a spirit of freedom and charity; it is characterized by mutual respect, sincere dialogue, and protection of the rights of individuals. It assists each of its members to achieve wholeness as human persons; in turn, everyone in the community helps in promoting unity, and each one, according to his or her role and capacity, contributes towards decisions which affect the community, and also towards maintaining and strengthening the distinctive Catholic character of the Institution.*

### **Residence Hall Government**

The purpose of Residence Hall Government is to foster involvement of the residents of Benedictine College in all areas of residence life: hall council, hall activities, homecoming, etc. and to foster a relationship between the residential students and various campus groups like intramurals, Campus Ministries, etc. The goal of each residence hall government is to help build authentic community, with the four-pillar mission (Benedictine, Catholic, Liberal Arts, Residential) of the College in mind.

---

### **Residence Halls & Staff**

A Residence Director (RD) lives in and guides the community-centered life of each hall. The Residence Assistant (RA) is a current undergraduate who aids the RD as a member of the hall staff. RAs live on each floor and are available to assist students as they adjust to College. RDs and RAs take special interest in the growth of students and coordinate activities in the hall that support the mission of the College. These activities include developing and implementing our Family Model programming. For a virtual tour of each hall go to the following website: [www.benedictine.edu](http://www.benedictine.edu)

Elizabeth Hall is a modern residence hall with a rich history. The Hall's history begins with its construction as the first Abbey in the Western Territory by the priests and brothers of the Benedictine Order in 1893. Built under the patronage of King Ludwig I of Bavaria, the Hall is Romanesque in its architecture. Today, the Hall takes its name from the Jim and Zibbie Ferrell family of the well-known Kansas City Corporation, Ferrell Gas. The Ferrell family's generous support of the College is an extension of their love for Atchison, education, and western monastic culture. As a modern residence hall, Elizabeth Hall will foster residentially, house undergraduates and hall staff, and offer the amenities of contemporary student life.

Technology and Information Services (“TIS”) Department is responsible for the maintenance and operation of all College-owned computers and computer peripherals.

Technology and Information Services assigns IDs and passwords to each employee and student for access to the network, student records, and email. TIS fully supports the applications that employees and students need to complete academic assignments. Network access is available in all Benedictine College buildings and facilities.

Residence Hall residents must use their own Ethernet cable to access the LAN line network from their rooms.

TIS assigns priority to academic technology to ensure computer labs and classrooms are operational at all times. TIS will provide technical advice and support for students’ PCs on a “time-available” basis.

Employees should not load their own software package(s), public domain software, shareware or non-business applications (i.e., games) on the College’s computers without expressed permission from the Technology and Information Services personnel.

#### **Ownership and Right to Access**

Because the College owns its computers, related technology, and network, users have no legitimate expectation of privacy with respect to their use of such and the College reserves the right to access data contained within at any time with or without prior notice.

### **Computer Back-ups**

All users of the system should be aware that e-mail and other electronic information stored on the main system is backed-up regularly and may be subject to subpoena.

All critical data must be backed-up on a regular basis...

### **Wireless Access**

TIS have enabled wireless access in each dormitory and academic building. Students may not install or operate any wireless device anywhere on campus. Applications that require high network capacity, such as P2P, are prohibited. Otherwise, there is no restriction on internet access.

### **Copyrights – Technology**

Federal law prohibits the transmission (sharing) of copyrighted materials without express written permission from the copyright holder. Copyrighted works (including but not limited to original writings, software, movies and music) may not be shared on the College network without written permission of the copyright holder.

The College believes that it has selected software that best suits its business needs. All software packages are subject to review from time to time. All software packages on college-owned computers shall be licensed to the College.

Software that is loaded on hard disks may not be duplicated for use on any other computer. Many products are serial numbered, and no two computers should have software with the same serial number. Employees should only use software in accordance with licensing agreements when installed and in use on local area networks or when attempting use on multiple machines.

The College prohibits employees from making copies of any College supplied software for use outside of Benedictine College facilities. Any unauthorized duplication of licensed software is a violation of Federal Copyright Law.

### **Peer-to-Peer File Sharing**

It is a violation of copyright law to use file sharing software (e.g., BitTorrent, KaZaA, Limewire, etc.) to download music, movies, and other copyrighted material without permission from the copyright holder.

All network traffic is subject to monitoring procedures conducted by the IT Department for purposes of determining compliance with college policies. Outside parties also actively monitor the internet to find incidents of illegal file sharing and may notify the College of such activity. When such a notification is provided by an outside source, the College may disable a person's network access until the situation is resolved.

If a campus community member is found to have illegally shared files over the College's network, the full range of disciplinary sanctions are available (along with the civil and criminal penalties the person may be subject to), including:

- Indefinite or permanent loss of computer privileges and network access.
- Denial of future access to the College's IT resources.
- All disciplinary sanctions are available pursuant to the Student Community Code.
- Dismissal from the College; and/or
- Legal action.

Alternatives to illegal downloading include, but are not limited to, iTunes, Amazon, Netflix, and Hulu.

### **Summary of Penalties for Violation of Federal Copyright Laws**

Those who engage in copyright infringement place themselves individually at risk of civil and criminal liability. As a general matter, a person who is found liable for civil copyright infringement may be ordered to pay actual damages or "statutory" damages in an amount of not less than \$750 and not more than \$30,000 per work infringed. For a "willful" infringement, damages may be awarded by a court up to \$150,000 per work infringed. Courts can also assess costs and attorneys' fees, in its discretion. *See* 17 U.S.C. §§ 504 and 505. Also, "willful" copyright infringement can result in imprisonment of up to five years for a first-time offense and additional fines. *See* 17 U.S.C. § 506 and 18 U.S.C. § 2319.

### **Network Usage Policies**

The network is to be used as a tool to advance the mission of Benedictine College and is not available for unrestricted use for any other purpose. The following policies address the proper use of Benedictine College's network.

#### **Authorized Hardware and Software Only**

- The College network is primarily available for academic and administrative use only.
- Benedictine College reserves the right to restrict access to any service detrimental to the Benedictine College's technology resources or primary function. Attempts to bypass these restrictions will be considered a violation of this policy.
- Unauthorized networking equipment (such as routers and wireless access points, etc.) is prohibited from use on the network. Network services and wiring may not be modified or extended beyond its intended use. This policy applies to all College network infrastructure and services.
- Audio, video and game servers are allowed on hardwire (non-wireless) networks. However, due to network bandwidth concerns, these servers may be disconnected without notice if the performance of the College's networks is adversely affected. In addition, all use must comply with existing copyright laws.
- Equipment that is defective, malfunctioning, compromised, used inappropriately, or inadequately configured will be disabled without prior notification.

#### **Protection against Viruses and Computer Attacks**

- Unauthorized hardware and/or software used to detect and/or exploit network vulnerabilities are forbidden on Benedictine College networks.
- Users are responsible for security and privacy precautions to protect against computer viruses and other computer attacks, which may result in loss of data, unintentional release of personal information, or negative impact on Benedictine College's technology services. Failure to take these prudent steps could result in the offending computer or account being removed from the network.
- MS Windows users must install and enable Trend Micro Office Scan anti-virus software to minimize risks to personal computers and the network. The college provides Trend Micro to employees and students at no charge.

#### **Authorized Access Only**

- For security reasons, Benedictine College requires users to log on to access the campus networks and Internet. Users are prohibited from attempting to circumvent the authentication systems. In addition, users should not attempt to hide their identity or impersonate another's identity while on the College network.

- Network users are responsible for any network activity linked to their user account. Passwords should be secure and should not be shared with anyone (including family, co-workers, and friends). Users who believe that another person is using their account should notify Benedictine College's TIS immediately and change their password.
- Users of the Benedictine College network may not provide access to resources on the local network to anyone outside of the Benedictine community for any purpose unless accomplished by means approved by Technology and Information Services.
- Forgery or other misrepresentation of one's identity via electronic or any other form of communication is prohibited regardless of intent.
- Benedictine College does not allow network users to run unauthorized SMTP, DHCP, FTP, or other network services on any network segments.
- Computer names, computer descriptions, and messages broadcast across the network must not be defamatory, lewd, or obscene.
- Unauthorized registration of a domain to a Benedictine College IP address is prohibited. This includes but is not limited to direct DNS resolution and DNS aliasing.
- Users may not manually assign an IP address to any network device. Doing so may disrupt connectivity for other users.

#### **File Sharing**

- Files may be shared on the local network. All shared resources on Benedictine network, wireless and other workstation computers must be protected with a secure password. Any sharing of resources without a password must be authorized by TIS.
- Violation of these policies will result in loss of service and further disciplinary action.

### **Alcohol and Drug Policy**

The College prohibits the unlawful possession, use, or distribution of drugs and alcohol by students on the College's property or as part of any of the College's programs and activities. Alcohol or drug use that violates the law and/or College policy may subject a student to both institutional and legal sanctions. Notwithstanding, under certain conditions, the use of alcohol by students on campus is appropriate. To access the College's full Student Alcohol and Drug

Policy, please refer to:  
<http://www.benedictine.edu/about/policies/alcohol-drug>.

## **Campus Housing Policy**

Benedictine College has a four-year residency requirement. All traditional undergraduate Benedictine College students are required to live on campus and must apply for housing through the Residence Life Office every year, including those who qualify for automatic exceptions to living on campus. If a student drops to part-time status at any time during the semester, they may be asked to leave their residence hall. The Residence Life Office must approve any exception to this policy.

As permitted by federal law (see 34 C.F.R. § 106.32(b)), Benedictine College requires students to live in separate residence halls that are designated by sex. Benedictine College does not allow residence hall selections based on gender identity or transgender status.

Regardless of whether a student lived on or off campus or in one residence hall or another during the previous year, he or she must reapply for housing every year. Students **should not** sign any lease agreements for off campus housing before **completing** the Room Draw procedure or receiving written approval from the Residence Life Office. A student who enters into a lease agreement prior to Room Draw and without written approval does so at his or her own risk.

## **Exemptions from Campus Housing Policy**

A student who fits into one or more of the following categories can apply for an exemption from the Campus Housing Policy and from participating in the Room Draw process. Applications are available in the Student Life Office. Even if a student meets one of the following exempt statuses, students must still apply to receive an exemption from the housing policy and receive written approval to live off-campus from the Residence Life Office. Any student who moves off campus without written approval may still be required to live on campus.

- Non-Traditional Student
- 23 years of age or older on or before the first day of the academic year. Verification is required in the form of a Driver's license.
- Live with parents or a legal guardian in the Atchison area (30-mile radius). Verification is required in the form of a letter from a parent or legal guardian.
- Married. Verification is required with a copy of a marriage license. Married students may not live in single student housing.
- Member of the Benedictine Order or another religious order. Verification is required from a religious superior.
- Full-time Employee of the College. Verification required from the College Business Office.

- Dependent child or children. Verification is required with a copy of a birth certificate.
- December graduate and/or Fifth year senior social class standing. Verification is required from the Registrar's Office.
- Studying abroad in a college recognized program. Verification from professor required. Commuter status is recognized for the duration of the program only.
- Have lived in the Atchison area and was not enrolled in the college for at least one year. Verification required. Please provide the name, address, and phone number of a previous landlord as well as a photocopy of your lease or tenant agreement.

Transfer students only: Transferred to the college and previously lived off campus on your own at your previous college or university for a period of at least one year. Verification required. Please provide the name, address, and phone number of a previous landlord as well as a photocopy of your lease or tenant agreement.

### **Complaint and Grievance Policy**

Benedictine College is committed to treating all students fairly and respectfully. The College's policies that apply to students are published annually in the Benedictine College Catalog and in the Benedictine College Student Handbook. These publications are available on-line on the Benedictine College website.

In an instance of perceived violation of a college policy, a student may file a complaint. This policy provides two avenues for pursuing a complaint: an Informal Resolution Procedure and a Formal Resolution Procedure. Students may utilize either or both procedures.

This policy is intended as an avenue of redress when a student has a general complaint against the College or an administrator of the College that is not clearly encompassed by another College policy. If a student has a complaint dealing with conduct explicitly covered by another policy, such as sexual harassment, the explicit policy (in the example, the Sexual Harassment Policy and Procedures) will apply.

#### **Informal Resolution Procedure**

The student arranges a meeting with the person involved with the complaint and/or with the direct supervisor of the person involved.

For example, a student who perceives that he or she has been graded unfairly on an assignment should meet with the faculty member who assigned the grade. In this example, the meeting with the faculty member may be followed up with

a meeting with the department chair or the original meeting might be with the department chair.

Another example would be a complaint to the Student Life Office involving a Resident Director. The student would meet with the Resident Director or the Director of Residence Life and attempt to resolve the issue in this way.

If the informal process does not resolve the complaint, the student may utilize the formal complaint procedure.

### **Formal Resolution Procedure**

A formal complaint is in writing and sets forth a statement of the issue, the College policy or procedures violated, and the specific remedy sought.

The complaint is normally submitted using an online form found on the Benedictine College website on the Student Complaints page. The complaint can also be submitted on paper to the Office of Assessment & Institutional Research (Library 210) and it will be forwarded to the appropriate office if you are not aware of where to submit it.

***Many areas already have specific ways to handle complaints that closely parallel the steps specified below. In cases such as these, a formal complaint will be directed to the appropriate person and the previously approved appeal process will be followed.***

#### LEVEL 1

Normally, the person to whom the complaint has been submitted (the investigator), conducts, within seven (7) business days of receiving the complaint, a formal conference with the student, permitting her or him to provide any necessary relevant information.

The investigator confers with the other person or persons involved and conducts an additional investigation as he or she deems necessary.

Normally, a written recommendation is sent within seven (7) business days of the first formal conference. The recommendation is sent to the student and the other person or persons who are directly involved. The written recommendation states the background information, the rationale for the recommendation, and the recommended action, if any.

Copies of the original complaint and the written recommendation are kept for a minimum of five years.

#### LEVEL 2

If any of the parties involved in the complaint do not feel it is adequately resolved in Level 1, they may submit a written appeal within fourteen (14) business days of receipt of the Level 1 recommendation to the direct supervisor of the person who wrote the recommendation. The written appeal must specify the conditions that s/he believes were not adequately or appropriately taken into consideration in Level 1.

Normally, the supervisor holds a hearing within fourteen (14) business days of receipt of the appeal or complaint and a written recommendation is sent to the student and others within fourteen (14) business days of such hearing.

In cases of appeals to Level 2, copies of the original complaint and the Level 1 and Level 2 written recommendations are kept for a minimum of five years.

### LEVEL 3

Except in the case of a complaint against the President, where the Board of Directors has final authority, written appeals of the Level 2 recommendation must be submitted to the President within fourteen (14) business days. The written appeal must specify the conditions that s/he believes were not adequately or appropriately taken into consideration in Level 2. The President makes the final decision. Normally, the President's written decision is sent to the student and other parties within fourteen (14) business days of receiving the Level 3 appeal. In cases of appeals to Level 3, copies of the original complaint, the previous written recommendations, and the final decision are kept for a minimum of five years.

### **E-mail Notification Policy**

College students are responsible for all information and notifications communicated from the College via their student e-mail accounts (i.e., name@ravens.benedictine.edu addresses). In order to comply with this policy, students are encouraged to check their student e-mail accounts on a daily basis.

The student e-mail system shall be the College's official means of e-mail communication with all students. The assigned e-mail address will not change during the student's career at Benedictine College. Students are allowed to forward their Benedictine e-mail to their personal e-mail accounts if they prefer to do this.

It is imperative that students understand that the majority of information will be communicated to them via their college assigned e-mail account while they are students.

## **Emergency Response Plan**

Benedictine College recognizes the need and the importance of effective emergency management, which includes prevention, intervention, and campus safety for all members of the college community. We expect all members of the community to actively embrace and participate in the approved emergency management policies and procedures.

The Benedictine College Emergency Response Plan is online, and can be found in two different locations:

1. Resources Page, <http://www.benedictine.edu/academics/resources>
  2. Under Campus Security in the left-hand navigation, <http://www.benedictine.edu/about/facilitiesconferencing/campus-security>. This section is located under the About section.

## **Fundraising Policy**

Benedictine College student clubs and organizations are required to register their fundraisers, whether they are to be conducted on or off campus, with the Student Government Office. Fund raisers may be registered by filling out and submitting the *Benedictine College Event/Fundraising Request Form* to the SGA Office two weeks days in advance of the fundraiser.

Fundraisers that are to be conducted in conjunction with athletic events must also conform to the *Athletic Department Solicitation Policy*.

All fundraisers must conform to Benedictine College's mission and be subject to the rules and regulations of Benedictine College, as they are represented in the *Student Handbook* and elsewhere.

Though not limited to the list below, fundraisers must adhere to the following:

- Fundraising projects must be administered in accordance with college policies governing advertising, posting, and soliciting.
- All door-to-door solicitation and selling within the residence halls by commercial salespersons is prohibited. Likewise, no fundraising flyers, advertisements, coupons, etc. may be placed under the doors or hung on doorknobs in any residence hall.
- In certain circumstances a student club or organization may be given limited permission to conduct a sale or promotion in a lobby or other approved space. In these cases, permission must be secured, in advance, from the Residence Director.
- Promotional materials that are not officially college-sanctioned may not be handed out to students on the College campus, either outside

or inside buildings. In addition, these promotional materials may not be placed on cars in the College parking lots.

- Any advertising and publicity materials must include name of sponsoring organization, product or service being sold, purpose for which the profit will be used, and location of the activity.
- If a student club or organization wishes to do a bake sale or sale of other foods for a fundraiser, all items sold must be baked by the organization or its members. No pre-purchased items may be sold unless they are purchased through Aramark or unless prior arrangements have been made with the Student Life Office.
- If you are creating an item to sell, e.g., T-shirts, you must get your design approved by the Director of Student Activities. All designs must conform to the Benedictine College branding guidelines.

Student clubs and organizations: Fundraisers by recognized student organizations will follow these steps:

- Secure permission from the Student Life Office by completing the online SGA event request form located on the Benedictine College Student Life website.
- Secure permission from the head of the department affected by the sale (see *Athletic Department Solicitation Policy* for details surrounding athletic events and facilities or contact the athletic department at 913-360-7360).

Any official college designee has the ability to terminate any fundraiser or solicitation activity that is in violation of this policy.

### **General Non-Discrimination and Harassment Policy and Procedures**

*"Do not repay one bad turn with another. Do not injure anyone, but bear injuries patiently. Love your enemies. If people curse you, do not curse them back but bless them instead."*

-St. Benedict, RB 4: 29-32

Benedictine College will not tolerate any form of discrimination or harassment. Discrimination or harassment is strictly prohibited on college property, in all academic programs and extracurricular activities, and at college-sponsored events and activities, regardless of whether or not the event takes place on college property. This General Non-Discrimination and Harassment Policy and Procedures is not intended to govern complaints involving claims of sexual harassment occurring in the College's educational programs and activities will be governed by the Sexual Harassment Policy and procedures outlined in the Student Handbook, as applicable.

Benedictine College takes all claims of discrimination and harassment very seriously. Students engaging in such acts will be subject to discipline as outlined in this Student Handbook. Regarding other persons, the College will take action appropriate and necessary to prevent recurrence, which may include banning such persons from college property.

### **Other Inappropriate Conduct**

Conduct that does not constitute prohibited discrimination or harassment under the law or under any of the College's policies still may be inappropriate for the College community. Even if the College determines an individual's behavior does not rise to the level of prohibited discrimination or harassment under this policy, the College may impose appropriate disciplinary action. As a general rule, disciplinary action will be imposed under this paragraph if the College believes the behavior or conduct was inappropriate, unprofessional, objectionable, inconsistent with reasonable rules of conduct, inconsistent with the spirit of the College's harassment-free and discrimination-free philosophy or is not in the best interest of the College or its students.

### **Reporting a Complaint**

Any student who has a question, concern or complaint of discrimination or harassment is encouraged to bring the matter to the attention of the Director of Residence Life (DRL). If the question, concern or complaint involves the DRL, or if the student is not comfortable discussing the matter with their DRL, the student may bring the matter to the immediate attention of the Dean of Students or any College Administrator.

### **Investigation**

All reports of discrimination and harassment will be promptly and thoroughly investigated according to the appropriate College procedure based on the status of the alleged perpetrator (e.g., complaints of non-sexual misconduct against a student will be addressed pursuant to the Student Community Code). The College will act to ensure that any improper conduct ceases immediately, and corrective action is taken to prevent a recurrence. Any student who violates this policy will be subject to the full range of correction action, up to and including termination/expulsion. The College will inform the complaining student of the resolution of the complaint as appropriate.

### **No Retaliation**

Benedictine College prohibits retaliation against anyone who reports or assists in making a good faith complaint of prohibited harassment or discrimination and/or who cooperates in any harassment or discrimination investigation. Prohibited retaliation may include, but is not limited to, intimidation, threats,

coercion, or discrimination against any such individual. If the College determines that a student has violated this policy, appropriate disciplinary action will be taken against the student, up to and including termination/expulsion.

---

### **Rooms & Facilities Policy for Students with Physical Disabilities**

Certain residence halls on campus are better suited to accommodate the needs of students with disabilities and, thus, students with physical disabilities may be prioritized in these residence halls based on the circumstances. If you have any type of physical disability, you are encouraged to contact the Office of Disability Services at 913-360-7517 and set up a meeting to discuss options and accommodations.

If it is determined that a student with a physical disability needs to live in a particular room or floor of a residence hall, other students who have been assigned to the needed room may be moved at the discretion of the Resident Life Office.

---

### **Identification**

All members of the Benedictine College community are required to present proper identification upon the request of college officials, including campus security officers. This policy applies any time an individual is present on college property or attending a college-sponsored event.

---

### **Missing Person Policy**

This policy establishes procedures to be followed at Benedictine College in the event that a residential student is reported missing and of the option to provide confidential contact information for a person to be notified in the event the student is officially reported as missing as required by the Higher Education Opportunity Act of 2008.

- Anyone believing a student residing in campus housing may be missing should report that to the following: Vice President of Student Life, Campus Security, Director of Residence Life, or any College official.
- When a student is officially reported missing, the Vice President of Student Life will initiate an investigation into the welfare of the student if the student has been absent from campus for more than 24 hours without a known reason. This investigation will include a

good-faith effort to make contact with the student or an emergency contact using any information the student has provided to Benedictine College for this purpose. The Vice President of Student Life will gather all essential information about the student from the reporting person and from the student's acquaintances. The Vice President of Student Life will then contact the Dean of Students and Campus Security. Appropriate campus staff will be notified to aid in the search for the student. If the actions are unsuccessful in locating the student or it is apparent immediately that the student is missing, the Vice President of Student Life or appropriate designate will contact the Atchison Police Department to report the student as a missing person and they will take charge of the investigation.

- Within 24 hours of a determination that the student is missing, the Vice President for Student Life will make a good-faith effort to contact any emergency or confidential contact identified by the student. If a reported missing student is under the age of 18 and is not emancipated, the Vice President for Student Life will immediately make a good-faith effort to contact the custodial parent or legal guardian of the student. Regardless of the age of the student, the College will also notify local laws enforcement within 24 hours of the determination that the student is missing.
- In addition to registering a general emergency contact, students will be informed and given the opportunity during each semester registration process to register confidential contact information to be used by the Vice President of Student Life in the event that student is determined to have been missing for more than 24 hours. To register this information, students can go to emergency contact information registration on the BC website and follow the directions indicated. This information will remain in effect until changed or revoked by the student and will be accessible only to authorized campus official and may not be disclosed except to law enforcement personnel in furtherance of a missing person investigation.

For purposes of this policy, a student may also be considered to be a “*missing person*” at any time prior to the expiration of 24 hours the person’s absence is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is in a life-threatening situation, or has been with persons who may endanger the student’s welfare.

### **Motor Vehicle Policy**

The need of a motor vehicle on campus is not essential, however students may be permitted the use of a vehicle on campus pending availability of parking

spaces. All vehicles on campus MUST be registered with the Operations Department. Registering your vehicle allows you the right to park on campus but does not guarantee you a parking space. All vehicles must be registered within five days of the first day of the semester. Failure to comply with these rules will result in a fine. Any vehicle ticketed for not properly displaying a valid parking permit will be issued a \$100 ticket for the first offense. Once a valid permit is obtained, the first ticket will be waived. Subsequent tickets in the amount of \$100 for not displaying a valid parking permit will not be waived. Visitors may park in visitor parking stalls or request temporary parking permits through the Operations Department.

A copy of the traffic and parking regulations will be issued when registered or may be picked up in the Operations Department. Parking lots are patrolled, and the regulations are strictly enforced. Tickets are issued 24 hours per day, seven days per week. Fines must be paid via credit card, debit card, or online check payment through The Permit Store. Tickets must be paid within 30 calendar days from the date of the ticket. Tickets may be appealed within 14 calendar days from the issuance date of the ticket. Tickets that have not been paid or appealed within this time frame will result in an additional late fee of \$10 per ticket. Toward the end of the semester, all unpaid ticket fees will automatically be added to student accounts and may result in a financial hold being placed on a student account until paid in full. All appeals will be charged a \$10 administrative fee. A student appeal board will hear the appeal and render a ruling. All appeal board decisions are final. All fees must be paid within 14 days following the decision of the Appeals Board. Failure to do so may result in the vehicle being immobilized or impounded which will result in the assessment of additional fees.

Any vehicle that receives a third ticket when the first two remain unpaid or any vehicle that violates this policy in a manner that is egregious may be deemed an "Excessive Violator" and is subject to immobilization, towing, and/or impoundment. Excessive Violator vehicles may be immobilized with a wheel boot or lock. A \$100 removal fee must be paid in addition to any outstanding ticket fees prior to the wheel immobilizer being removed from the vehicle. The fine must be paid within 48 hours from installation or the vehicle will be towed. Once a wheel boot or lock has been applied to a vehicle, the permit holder may not appeal any tickets. Vehicles may be towed without warning from Fire Lanes and illegal parking areas. Owners of the vehicle will be responsible for the tow fee and any storage fee. Students who continuously violate traffic and/or parking regulations may have their parking permit revoked at the discretion of the Operations Department.

Any unpaid tickets will be charge to the student's tuition billing statement and will be subject to the collection policies and late fees of the college's Student Billing Office.

## **Photography and Videotaping**

Benedictine College reserves the right to photograph and/or videotape students, faculty, staff, and guests while on college property or during college-sponsored functions. These images and audio may be used by the college for promotional purposes, including use in college magazines, newsletters, press releases, brochures, advertisements, videos, Web sites, and other promotional materials.

---

## **Private Room Policy**

If space is available in the residence halls, students may request a private room. The charge will be one and one half the cost of a regular room charge. If a resident's roommate moves out of the assigned room, the remaining student must exercise one of the following options within a reasonable period.

1. Select another roommate who will move into the vacancy within one week.
2. Move in with another resident in whatever residence hall space is available.
3. Retain the space at a private room rate if space is available (additional charge).

This regulation does not apply to residents whose roommate leaves after the fourth week of the semester except when space is limited. Unless a private room is requested, available and paid for, the person must be willing to accept another roommate when the space is needed. All rooms, except for handicap space, are designed for double or single occupancy. The use of a private room is subject to the following conditions:

- The assignment of a resident to a private room is done on a space available basis. The College can cancel this agreement at any time.
- Residents with outstanding balances on their accounts in the Business Office will not be admitted to private rooms.
- Residents who request private rooms should know that the room's location in a residence hall is subject to change by the residence hall staff or Student Life Office.
- Residents of private rooms are responsible for all mattresses, mattress pads, furnishings, and equipment in the room. The resident is also responsible for the accurate completion of the Room Condition and Inventory form for the entire room.

- No furnishings or equipment may be moved from the room at any time - nor may it be moved from room to room in a suite or residence hall.
  - All guests who are not staff, faculty or student members of Benedictine College must register with the Residence Hall Director prior to admission to the room and shall be expected to comply with college policies and regulations. The student will be held responsible for his or her guest's compliance with these policies and regulations.
- 

### **Room Draw System**

The Room Draw System gives students the opportunity to decide where they will live and with whom they will live the following academic year. Room Draw is held every spring semester.

The system is based on seniority, and students in each class bid on the specific residence hall and room of their choice. According to social class standing, seniors bid first, and a randomly assigned number determines each student's place in the bidding order within a class. Those with low random numbers bid first.

Fifth year seniors and fall graduates are required to live off campus and may not use their number to bid at Room Draw. Any exceptions made on a case-by-case basis will require residency for a full academic year. If a fifth year senior is authorized to live on campus, they must rely upon the random number of another person in their living group to identify the class, random number, and time to bid. Finally, any set of roommates from different classes is allowed and priority is given in the following order:

- Senior and senior
- Senior and junior
- Senior and sophomore
- Junior and junior
- Junior and sophomore
- Sophomore and sophomore

Sophomores are not eligible to live off-campus unless given written permission by the Student Life Office. A student who is on disciplinary probation, who has three or more infractions, or who violates Room Draw procedure will be assigned numbers falling at the very end of the bidding order within his or her class. Probation, infractions, and violations must have occurred within the current academic year. Students who fail to participate in the Room Draw process will be assigned to an available residence. If a Resident Assistant (RA) is in a suite assignment, he or she may choose who will live in the suite prior to Room Draw.

1. Roommate/suitemate groups may use the lowest number from a member of their group, except if the person is a fifth-year senior
2. Bids are taken in order beginning with the lowest number
3. Men and women bid separately
4. Bids on rooms/suites with handicap access are tentative as a handicap person may later be assigned to the room

There are several steps in the Room Draw Process:

1. A list of students in each class is generated.
2. Students confirm their class standing with the Residence Life Office.
3. A random number is assigned each member of each class.
4. Students confirm their random number assignment with the Residence Life Office.
5. Students decide who their roommate/suitemate(s) will be.
6. Students decide where they want to live (group size must match room size exactly before a bid is accepted).
7. Students bid on their housing preferences on a specified day.
8. With a successful bid, students will immediately know where they will live in the next year.

The success of this policy will depend on the thoughtfulness, consideration and cooperation of both tobacco users and non-users. Fines and citations will be part of the basic enforcement of this policy. In addition, the discipline policies applicable to students, faculty, and staff may be invoked, if necessary, to secure

compliance with this policy. Violations of this policy will be enforced in the following manner:

---

## **Residence Hall Policies & Procedures**

---

### **Adhesives & Wall Attachments**

The use of contact paper, duct tape, packing tape, non-removable self-adhesives, nails, screws, and other items that may permanently damage the walls or furnishings in the residence hall is prohibited unless otherwise approved by the Student Life Office. All items are hung at your own risk. Any damages caused by hanging items on the walls will be charged to students.

---

### **Appliances**

Appliances that are NOT permitted in dorm rooms include: hot plates, halogen lights, grills, skillets, toaster ovens, sun lamps, electric heaters, refrigerators larger than 4 cubic feet and gas appliances.

Appliances that ARE permitted in dorm rooms are stereos, televisions, popcorn poppers, microwaves, coffee pots, electric razors, fans, heating pads, computers, and electrical blankets.

Please see the microwave and refrigerator section.

---

### **Bicycles**

Each residence hall has a bicycle rack where students may store their bicycles. However, all student property (including bicycles) must be removed from the

residence hall within one week following graduation. Items remaining after this time will be disposed of as necessary.

---

### **Board Agreement**

A deep experience of community develops between friends when they share a meal together. This was true for the apostles who recognized Christ in the breaking of the bread. A shared meal was also essential to life in community for Saints, Benedict and Scholastica. Students at Benedictine College deepen their friendships by sharing meals together and this is why a meal plan is required for all residents. All students living on campus without a kitchen in their living unit are required to be on 18-, 14- or 12- meal plan. All freshmen are required to be on an 18-meal plan. Students living on campus with a kitchen in their living unit may choose a Weekly 7 in addition to the 18-, 14-, or 12-meal plans. Students living off campus may choose a Block 60 plan or one of the on-campus plans, if desired. Each meal plan is on a per week basis and begins on Sunday. Meal plans including dining dollars can be used in the Dining Hall as well as the other retail locations on campus. Student meal plans may be changed within the first 10 days of the semester. See the Benedictine College *Room and Board Agreement* for further details.

---

### **Cable Splicing**

Cable splicing in any residence hall is prohibited, as it constitutes the violation of intellectual property rights and law.

---

### **Campus Attire**

Benedictine College has no specific regulations concerning proper campus attire, except that sunbathing in swimsuits of any kind is not permitted in the public areas of campus. However, as a general guide, students should keep in mind that individually they represent the student body of the College. A major part of one's education is developing and increasing one's awareness and concern for others by dressing in a manner that is in accord with good taste and in accord with the wishes of those who are sponsors of a given event or in a position of authority in a given situation.

---

### **Candles/Chemicals/Open Flames**

All explosive or combustible materials and liquids are prohibited on the College campus. The Fire Marshall has told us that by law, candles or any

other open flames may not be burned in residence halls because of the danger of fires when so many people live in close proximity in the residence halls (College Ministry-sponsored activities are exempt.). Candles and all open flame devices are strictly prohibited in all residence halls. In addition, incense is prohibited in the halls. Because we do follow the law and as a college community we are also concerned about the safety of all residents, candles are not permitted in the residence halls outside the College Ministry-sponsored activities.

Some individuals are allergic to incense and others find the smell offensive. Therefore incense is not allowed in the residence halls at Benedictine College outside of its use in liturgies and other religious events sponsored by College Ministry. The residence hall staffs are directed to take any candles or incense that are found in an individual's room. A fine will be issued to the individual or individuals who live in that room.

Do not smoke in any building, overload electrical outlets, take chemicals or highly flammable material into your hall, use open coil heaters, hotplates or electrical appliances. Please take every precaution to prevent fires and protect the lives of all residents.

---

### **Damage to College Property Policy**

All residents are responsible for keeping all college-owned property and equipment in good condition. Residents are encouraged to carry personal property and liability insurance. The damage, defacement, or vandalism of college property or facilities will not be tolerated. Residents will be held responsible for all breakage and damage that is beyond the expected normal wear of furnishings. Charges are determined by repair and replacement costs. Damage to the student's rooms and furnishings will be assessed to the occupants. Damage in the public areas will be assessed against the floor or all residents of the hall. If something in a student room needs repair, tell your resident assistant or hall director. He or she will take care of reporting the needed repair.

*"Whoever fails to keep the things belonging to the monastery clean or treats them carelessly should be reproved."*

-St. Benedict, RB, 33:4

---

### **Damage to Personal Property Policy**

Benedictine College assumes no responsibility for losses, damages, or injuries of any sort occurring to persons or property in College residential facilities.

Residents are encouraged to confirm that their parent's home insurance policy covers their possessions should anything be damaged or stolen. If they are not covered, students are advised to purchase their own insurance policy. Doors should remain locked when residents are out of their room. If there is theft, it should be reported to the residence hall director and to the police. It is advisable to record serial numbers of all valuables.

---

### **Damage to Safety Equipment Policy**

Damage to or tampering with safety equipment such as fire extinguishers and hoses, smoke alarms, exit signs and lights, and other such equipment, seriously endangers the lives and health of residents. Disciplinary measures in keeping with the gravity of such offenses will be taken, including the possibility of a fine and/or suspension from the College. Damage to college property will be charged to the residents of the residence hall if the individual responsible is unknown.

---

### **Defacing doors, walls, bulletin boards**

The act of defacing doors, walls, or bulletin boards in any residence hall is strictly prohibited. Any student caught engaging in this activity will face disciplinary action and may be required to pay replacement costs if necessary.

---

### **Display of Personal Items**

Students may not post, hang, or place personal items in any outward facing areas (windows, ledges, balconies, railings, stairwells, doors, etc.) of their residence hall. Students may display personal items in their own housing unit in accordance with the adhesives and wall attachment policy.

---

### **Enrollment Fee**

Once notified of acceptance by the Office of Admission, each student is required to pay a \$350.00 enrollment fee. This fee is due upon admission to the college or within two weeks of receipt of a financial aid award letter. The fee is non-refundable after May 1 for the Fall Semester and October 1 for the Spring Semester.

---

## **Fire Alarms**

Proper use and response to fire alarms is required. Anyone who falsely or negligently activates fire safety equipment will face disciplinary action. Additionally, any student who fails to respond to any fire alarm, whether false or actual, will face disciplinary action as well as receive a fine.

---

## **Firearms, Explosives, Dangerous Materials**

Firearms, bows and arrows, knives, sling shots, dart boards, pneumatic or spring powered weapons, nunchakus, tasers, and other weapons, fireworks, ammunition, or explosives may not be brought on campus. Chemicals or highly flammable material of any description including paint, anti-freeze or fuel shall not be brought into the residence halls at any time. This includes items that may be used as fuel as well as items that have an open flame or a heating coil such as candles, hotplates, or electric heaters.

Essentially, all weapons, explosives, and dangerous materials are not allowed on campus. A violation of this policy is considered a serious matter. Because this is most often a violation of civil law as well as a serious violation of your contract, consequences may range from fines to expulsion.

*"They sleep clothed, and girded with belts or cords; but they should remove their knives lest they accidentally cut themselves in their sleep."*

-St. Benedict, RB, 22:5

---

## **Fire Evacuation Procedure**

Survival is the top priority in the event of a fire in a residence hall. If there is a fire, the alarm systems in all halls will automatically call the Atchison Fire Department. When you hear a fire alarm, immediately exit the hall using the following steps:

1. **FEEL THE DOOR HANDLE.**  
If it's hot, don't open the door; go to a window and call for help.  
If it's cool, open the door cautiously and check for smoke and fire.
2. **EXIT THE ROOM CRAWLING ON THE FLOOR.**  
Avoid smoke and toxic chemicals in the air above.
3. **CLOSE THE ROOM AND STAIRWAY DOORS BEHIND YOU.**  
Keeps the fire from spreading by closing doors.
4. **GET OUT OF BUILDING BEFORE PHONING FOR HELP.**  
Your survival comes first.
5. **PULL THE FIRE ALARM ON YOUR WAY OUT.**

- Proceed to the nearest exit.
6. DON'T WAIT FOR PEOPLE OR GET STUFF.  
Knock on doors and yell "FIRE" as you leave.
  7. IF YOU CAN'T GET OUT, GET SOMEONE'S ATTENTION  
Stay low, yell and scream, hang a sheet from the window if possible.
  8. All residents should follow the fire evacuation plan for each specific residence hall, which they receive when checking into their residence hall.

The halls meet OSHA fire-safety requirements. Safety lighting, smoke alarms, and multi-purpose dry chemical extinguishers are located in each hall. Be sure you are aware of the nearest extinguisher; these should be used to exit the hall and not to fight a fire.

Discharging or tampering with fire equipment is an act of vandalism that can result in the inadequate protection of the lives, safety, and property of a hall's residents. The Atchison Fire Department, the Federal Government, and OSHA consider tampering with this equipment a serious matter. The College also considers vandalism of safety equipment (including fire extinguishers, smoke alarms, fire alarms, exit signs, and emergency lighting, etc.) a serious matter. Consequences may include a fine, suspension from the College, and the filing of charges in local courts.

## **Guests and Visitors**

The Benedictine College campus and facilities are private property. Presence on campus is at the pleasure of the College. It is the College's expectation that all visitors abide by college rules and local, state, and federal laws. Guests staying overnight in the residence halls must be 18 years of age or older (not to exceed 24 years of age) or must be on an official Admissions Office visit. All guests of students must submit a completed registration form to the residence hall staff where they are staying.

Hosts will be accountable for the safety and actions of their guests and are required to complete a host registration form accepting responsibility for their guests. The College reserves the right to ask guests unable to respect its policies to leave the campus immediately. An overnight guest is a person who is not a current Benedictine College student but who is being sponsored by a member of the college community and is staying overnight in a residence hall. A guest's sponsor can be a resident or a member of the staff or faculty.

Residents who are on disciplinary probation may not be hosts for the college. Guests are not allowed to stay in a room when students they are visiting are not also present. Visitors will only be allowed to stay overnight in a student's room with permission of both the residence hall director and the students in the room. The maximum number of nights a visitor may stay on campus is two

nights. Hosts who do not register their guests at the residence hall office will be charged \$50.00 for each night their guest stays and may receive other sanctions in addition to these charges.

Except for regular visitation hours, members of the opposite sex may not be guests in a student's room in the college's residence halls. High school students are not permitted in the residence halls without the approval of the hall director and/or the Student Life Office. Guests staying overnight through the Admissions office must obtain a Guest Registration Form from the Office of Admissions. This form needs to be delivered to the residence hall director or resident assistant upon arrival to the residence hall.

The College's guest policy helps to ensure the safety of our guests, students, faculty, and staff during their time on campus. It is important for the Residence Life staff to be aware of who is staying overnight and who their host is, so that staff members are able to properly provide support and respond to needs of our guests, emergency situations, and policy violations, should they arise.

*"All guests who present themselves are to be welcomed as Christ, for he himself will say: I was a stranger and you welcomed me."*

-St. Benedict, RB, 53:1

## **HIV Policy**

Benedictine College follows the recommendations of the Center for Disease Control, United States Public Health Service, and the American College Health Association. The medical opinion of these sources supports the stance that there is no risk of acquiring HIV by ordinary social or occupational contact, such as working with, sitting near or living in the same residence, sharing bathroom facilities, or swimming in a pool, with an HIV infected individual. No effort will be taken by the college to determine the HIV status of any applicant. The student assumes responsibility of exposure by engaging in risky behaviors regarding sexual relationships, drugs and alcohol.

Each case of HIV/AIDS will be evaluated on an individual basis, when the student is known to be infected with the virus. Special housing arrangements may be required for immuno-compromised students for their own protection, and these arrangements will be determined by the Dean of Student's Office in conjunction with the Director of Student Health and the student's physician.

The Director of Student Health, in conjunction with the student's physician, will determine if and when the student should leave college housing in order to receive more appropriate care. At all times the confidentiality of the resident's health status will be protected. Benedictine College values and respects the

dignity of each individual. Benedictine College follows state and federal guidelines.

The College reserves the right to enter rooms to inspect the furniture and equipment or to perform maintenance work.

If there is reason to believe that a student has violated College regulations, the College reserves the right to search the room and have the student's possessions inspected at the direction of the Vice President of Student Life, Dean of Students, Director of Residence Life, Director of Student Conduct, or the residence hall director. ## **Vacation Housing**

Students are required to be out of college housing by announced closing hours for Thanksgiving, Christmas, Spring break and summer vacations. Residence halls are closed during vacations. The Student Life Office must approve extensions beyond the announced closing hour. Students staying on campus during vacation periods who do not notify or seek approval from the Student Life Office and students staying without a College sponsored reason will be charged a \$75.00 fee room charge for each day/night they are on campus. Students must arrange their own transportation. See Hall Closing and Opening Dates.

## **Visitation Policy**

Certain hours are set aside each day during which students may invite visitors of the opposite sex to their rooms. The right of the roommate wanting privacy

should always prevail over the roommate wanting a visitor, though both parties' rights should be considered. Hours are as follows:

**Student Rooms in ALL Halls, Campus Houses, Row Houses, and main lounges in Turner, Memorial, St. Michael, St. Gabriel, Newman, St. Scholastica, Guadalupe, and St. Joseph Hall**

Sunday – Thursday.....12:00pm-12:00am  
Friday – Saturday .....12:00pm-1:30am

**Legacy Hall Lounge & Schroll Center**

Daily.....24-Hour Visitation

Visitation hours play a positive role in the creation of a community spirit among students by encouraging mutual respect for the dignity and vocation of each person. The hours foster the residential mission by honoring a student's right to private time, study, and sleep. Hours help roommates set boundaries and avoid conflict. Friendships are fostered between members of the same hall and they are empowered to fulfill their individual needs and interests. Deep friendships between men and women are encouraged, while at the same time, the dignity of their differences are respected.

The College affirms that sexual relationships are designed by God to be expressed solely within a marriage between husband and wife. Sexual acts of any kind outside the confines of marriage are inconsistent with the teachings and moral values of the Catholic Church and are prohibited by the College's Student Community Code. An overnight visit with a sexual partner is prohibited as this type of behavior is incompatible with the mission of the College as well as with the rights of roommates and community members to live in an appropriate and comfortable environment. Additionally, the College prohibits non-married members of the opposite sex from spending the night together even when sexual relations do not occur.

Failure to follow visitation policies will result in disciplinary action. During such an incident, the student's ID will be requested and must be presented upon the request of a college official. In more serious situations, consequences could result in community service, fines, reassignment of housing, disciplinary probation, suspension or loss of visitation for one or more semesters or expulsion from the College. Special requirements such as alcohol and/or other drug education or sessions with the counseling center or other such services may be added to the consequences when there are other circumstances involved in the violation. Each situation is reviewed separately as variables may exist which may change sanctions.

Due to the varying building designs, the boundaries for visitation are different in several of our housing units. The boundaries for most residence halls are the

exterior doors of the buildings. Students are permitted outside of these buildings during non-visitation hours (i.e., female students are permitted on the Newman Hall porch during non-visitation hours). During non-visitation hours, additional guidelines are in place for the following buildings:

**McDonald Hall:** Males are not permitted in the suites or on the balconies, stairwells, or the sidewalk immediately in front of (parallel to) the ground floor suites. Males can pass through the breezeways but may not stop and linger in them.

**Legacy Hall Apartments:** Members of the opposite sex are not permitted in the apartments or their breezeways, steps, lawns, or sidewalks leading to/perpendicular to the apartments. Members of the opposite sex are allowed to be on the sidewalk that runs parallel to the apartments.

**Campus Houses:** Members of the opposite sex are not permitted in the campus house or on the lot/property of that house (with the exception of the sidewalk of 1017). Being on the lawn, perpendicular sidewalk, or driveway of a campus house is a violation of the policy. Members of the opposite sex are allowed to be on the public sidewalk that runs parallel to the house.

**Row Houses:** Members of the opposite sex are not permitted in the row house or on the steps, porch, lawns, or sidewalks leading to/perpendicular to a row house. Members of the opposite sex are allowed to be on the public sidewalk that runs parallel to the row houses and 2<sup>nd</sup> street as well as the parking lot behind the row houses.

---

### **Windows, Screens, and Blinds**

Window blinds are provided in every student room and may not be removed, altered, or replaced. Students may not hang or place personal items in windows or ledges. Only blinds provided by the college should be visible from the building exterior. Nothing may be thrown out of windows, and residents may not enter/exit through windows.

## **Student Community Code & Disciplinary Procedures**

---

### **Student Community Code**

Benedictine College is committed to creating and maintaining an environment where individual and institutional responsibility combine to promote each student's complete development. In order for the College to achieve this goal within an atmosphere where the rights of its members are respected, it is necessary to establish policies and procedures. These regulations have been developed to reflect the nature of a student community and the situation inherent in it.

It is the intention of this code to clarify the standards of behavior essential to the College educational mission and its community life. The Student Community Code is applicable to all students.

The intent in working with students in disciplinary matters is to enhance their growth in various areas including those of developing responsibility for their own discipline and behavior. Accordingly, each student will be treated as an individual to produce desired changes in behavior or to increase the ability of the student to live with others in a group situation.

*"Now, therefore, after ascending all these steps of humility, the monk will quickly arrive at that perfect love of God which casts out fear.*

*"-St. Benedict, RB, 7:67*

**The following are seen as purposes for disciplinary proceedings:**

1. To redirect behavior;
2. To protect the rights of others in the community;
3. To encourage and to teach responsibility for one's own actions.

Disciplinary regulations at the College are set forth in writing in order to give students general notice of prohibited conduct. The regulations should be read broadly and are not designed to define misconduct in exhaustive terms. The College reserves to itself the right to interpret conduct that is in violation of these regulations.

---

**Student Conduct Expectations**

Within the traditions of its mission and Catholic heritage, Benedictine College expects its students to develop a high standard of behavior and personal values. Among these expectations are included:

1. Respect for self and the rights and human dignity of others, especially in the conduct of relationships;
2. Respect for the rights and needs of the Benedictine community to develop and maintain an atmosphere conducive to academic study and personal development;

3. Respect for the College academic traditions of honesty, freedom of expression and open inquiry;
  4. Tolerance for the different backgrounds, religious traditions, personalities and beliefs of the students, faculty, and staff who make up the Benedictine community;
  5. A willingness to assist others in need of support, guidance or friendship;
  6. Respect for Federal, State, and local laws and ordinances;
  7. Respect for the authorities, policies, procedures and regulations established by the College for the orderly administration of College activities and the welfare of the members of the Benedictine community
- 

### **Prohibited Conduct**

A student enrolling in the College assumes an obligation to conduct himself or herself in a manner compatible with the College's function as a Catholic educational institution. Students have a responsibility to conduct themselves in a manner consistent with Catholic moral teaching. Conduct, on or off-campus, which adversely affects the student's suitability as a member of the College community is unacceptable and may result in penalties up to and including suspension or expulsion from the College. The following actions constitute misconduct for which students may be disciplined. This list is not intended to be exhaustive and other forms of inappropriate conduct may result in disciplinary action.

*"...No one has the authority to...strike any of his brothers..."*

--St. Benedict, RB, 70:2

4. All forms of sexual harassment as defined in the College Sexual Harassment Policy. For alleged sexual harassment occurring in the College's educational programs and activities, the procedures in the

Sexual Harassment Policy govern. For alleged sexual harassment committed by students outside the College's educational programs and activities, the Community Code govern.

## Student Community Code's Disciplinary Procedures

*"If a brother is found to be stubborn or disobedient or proud . . . he should be warned twice privately by the seniors in accord with our Lord's injunction (Matt 18:15-16 -St. Benedict, RB 23: 1-2*

### Disciplinary Procedures

These disciplinary procedures will be utilized whenever a student is alleged to have engaged in prohibited conduct, except where there is a complaint of alleged sexual harassment occurring in the College's education programs and activities, in which case the procedures in the Sexual Harassment Policy will govern.

Under these procedures, responsibility for enforcing college disciplinary regulations rests with the Director of Student Conduct or an appropriate delegate, and to those to whom specific responsibilities are delegated. This responsibility involves making the appropriate disciplinary decisions and enforcing sanctions varying from a warning, probation, appropriate fines or charges, required counseling and/or loss of certain privileges through suspension or expulsion from the College.

There are two general avenues in which an alleged violation of the Student Community Code may proceed. These avenues are described below and depend on the severity of the alleged conduct and possible disciplinary action.

#### Minor Violations

When, in the opinion of the Director of Student Conduct, a minor violation of the Student Community Code has been alleged, a Residence Director will investigate the allegations, talk with appropriate parties who may have information regarding the matter, review any evidence, make a decision on the matter, and provide an outcome letter to the student.

A student may appeal decisions of a Residence Director to the Director of Student Conduct or an appropriate delegate within 24 hours of receiving his/her outcome letter. If an appeal is timely filed, the Director of Student Conduct or delegate will review the appeal, talk with appropriate parties as needed, and make a final decision on the matter. The Director of Student Conduct may take any action he/she deems appropriate in resolving the matter, including altering

any sanctions previously imposed. The Director of Student Conduct will document his/her decision and notify the student of it.

### Major Violations

When, in the opinion of the Director of Student Conduct, a more serious violation of the Student Community Code has been alleged (typically this involves a situation in which suspension or expulsion may occur), the Director of Student Conduct will choose one of two courses of action depending on situation:

1. Administrative Meeting with the Director of Student Conduct or an appropriate delegate.
  - a. When an Administrative Meeting occurs, the student will meet with the Director of Student Conduct or appropriate delegate. The student will be given an opportunity to provide a statement and answer any questions. If a violation is determined to have occurred, the student will be so notified via an outcome letter and informed of the sanctions imposed. Decisions resulting from an Administrative Meeting may be appealed to the Vice President of Student Life in accordance with the procedures outlined below.
2. Refer the matter to the Student Conduct Board for a hearing.
  - a. Student Conduct Board hearings will be conducted in the manner described below. Decisions resulting from a Student Conduct Board hearing may be appealed to the Vice President of Student Life in accordance with the procedures outlined below.

---

---

### **Student Conduct Board**

The Student Conduct Board shall include the Director of Student Conduct or an appropriate delegate, three faculty members and three students. A quorum will consist of a total of three members as long as there is at least one faculty member and one student member. The Board will conduct an inquiry into the matter and determine disciplinary sanctions as it deems appropriate. Sanctions may include: a fine, payment for damages, housing reassignment, removal from college housing, an official warning, disciplinary probation, suspension or expulsion.

The procedures for a Student Conduct Board hearing are not comparable to a court of law. The College does not employ an attorney for hearings and students are not allowed to have an attorney participate in disciplinary hearings.

The student will receive a notice of charges and be given an opportunity to present information and evidence on the matter in question to the board.

The student or the Director of Student Conduct, or appropriate delegate, may appeal decisions of the Student Conduct Board to the Vice President of Student Life.

A more detailed description of the Student Conduct Board hearing procedure is available in the Student Life Office. A copy of the procedure will be provided to each individual who is asked to come before the Board or an administrator for a hearing. Included in the procedure is a statement of the student rights concerning a hearing.

---

### **Appeals Process for Major Violations**

#### **Any party may appeal decisions of an Administrative Meeting or Student Conduct Board Hearing to the Vice President of Student Life.**

1. An accused student or a complainant may request an appeal by notifying the Vice President of Student Life and following the procedures noted below.
  - a. Within three (3) days of receiving the outcome letter, filing an “Intent to Appeal” form in the Student Life Office, 204 Student Union.
  - b. Within 72 hours of receiving the outcome letter, delivering a written appeal of the disciplinary decision to the Student Life Office.
  - c. The appeal needs to be based on one of the four grounds noted below. The written rationale in the appeal request must address the grounds that are cited. The four grounds are:
    1. The original hearing may not have been conducted fairly in light of the charges and evidence presented and/or may not have been conducted in conformity with college guidelines (that give the complaining party a reasonable opportunity to prepare and present evidence that the Student Community Code was violated, and that give the student a reasonable opportunity to prepare and to present a rebuttal of those allegations); or
    2. The decision reached regarding the accused student may not have been based on substantial evidence; that is, the facts in the case may not have been sufficient to establish that a violation of the Student Community Code occurred; or
    3. The sanction(s) imposed may not have been appropriate for the violation of the Student Community Code that the student was found to have committed; or

4. New evidence may exist which is sufficient to alter the decision, such evidence was not brought out in the original hearing because such evidence was not known to the person appealing at the time of the original hearing.
2. The Vice President of Student Life shall determine whether the matter is appropriate for appeal based on the written rationale and documentation provided by the student in the appeal request. The appeal is not a re-hearing, so the student is advised to thoroughly present his/her rationale for why he/she believes the original disciplinary decision needs to be changed. The purpose of an appellate hearing is to consider an appeal, not to re-hear a case, i.e., the basis for the appeal must fall within one or more of the aforementioned guidelines. Disagreement with the result of the hearing or any sanctions levied does not itself constitute the basis for an appeal.
3. Except when testimony or written statements shall be required for the presentation of new evidence, an appeal shall be limited to review of record of the initial hearing and supporting documents.
4. If an appeal is granted, the Vice President of Student Life may:
  - a. Overturn all or any part of the original decision and issue a new decision.
  - b. Remand the matter to the original judicial body for reopening of the hearing to allow reconsideration of the original determination and/or sanction(s).
5. In cases involving appeals requested by students accused of violating the Student Community Code, review of the sanction(s) by the Vice President of Student Life may not result in more severe sanction(s) for the accused student. Instead, following an appeal, the Vice President of Student Life may, upon review of the case, reduce, but not increase, the sanctions imposed following the original disciplinary hearing.
6. In cases involving appeals requested by persons other than students accused of violating the Student Community Code, the Vice President of Student Life may, upon review of the case, reduce or increase the sanctions imposed following the original disciplinary hearing or remand the case to the original judicial body.
7. In cases involving suspension and expulsion, a final appeal may always be made to the President of the college.
8. Nothing in this appeals process shall interfere with the right of the President of the College to make a final determination on any disciplinary matter.

---

## Sanctions

Sanctions for misconduct normally include but are not limited to any of the following, singly or in combination.

**Warning:** An official sanction, given verbally and/or in writing notifying the student of his/her misconduct and warning that subsequent infractions must not occur.

**Disciplinary Probation:** An official sanction that places the student in a status such that any subsequent misconduct during the period of probation, will result in additional discipline, including, but not limited to suspension or expulsion from the College. The period of probation is determined by the Student Conduct Board or Student Life staff conducting the hearing. Parents/guardians may be notified of the decision, as well as the Academic Advisor.

**Disciplinary Suspension:** An official sanction that prohibits the student from attending the College, residing in the residence halls or participating in any College activities for a set period of time, typically to include at least the remainder of the semester in which the offense occurred. A written request to return to Benedictine College on expiration of the suspension must be presented to the Vice President of Student Life well in advance of the time the student wishes to enroll. Notification of suspensions will be sent to appropriate College offices. Parents/guardians are normally notified of the decision.

**Disciplinary Expulsion:** An official determination that permanently prohibits the student from attendance at the College. Parents/guardians are normally notified of the decision.

**Alternative Requirements/Conditions:** The College reserves the right to impose alternative requirements to conditions at its discretion in the disciplinary process. Such requirements or conditions may include, but are not limited to: restitution or fines; work or service projects; counseling evaluation sessions; educational program sessions, restrictions on participation in campus activities, on residence hall visitation, on parking privileges, or on contact with individuals or groups on campus; eviction from on-campus residency.

Alternative requirements or conditions should typically be imposed in addition to the normal disciplinary process (i.e., warnings, probation, suspension), and not instead of them. If these alternative requirements are violated by the student, or if he/she fails to meet conditions set for him/her in the hearing, a more serious sanction, up to and including suspension or expulsion, may be imposed at the discretion of the Vice President of Student Life or appropriate delegate without further hearing or review.

**Summary Sanctions** including suspension of a student and exclusion from College property may be imposed without the hearing procedure outlined in this section. The Vice President of Student Life or an appropriate delegate may take this action if he/she is satisfied that serious misconduct has occurred or that the student's continued presence on the campus presents unreasonable risk of danger to himself/herself and/or to the community. A student so sanctioned must leave the campus immediately.

Students may have other sanctions imposed on a summary basis, as noted above, including, but not limited to, suspension from a campus position, prohibition against participation in a College activity, prohibition against presence in a residence hall, or a restriction against contacting, communicating, or otherwise interfering with the activities or privacy of another member or members of the Benedictine community. The student will have the right to appeal the decision to be reinstated. The request for appeal must be made in writing to the Vice President of Student Life.

---

### **Risk Assessment**

Several of the behaviors identified above as Prohibited Conduct raise issues that could impact the life, health, welfare, safety, or property of the College community and its members. When warranted, conduct included in items 1-3 may result in evaluations, team assessments, emergency removals, or involuntary or voluntary withdrawals.

When behavior indicates a significant life, health, welfare, safety, or property concern, the College will employ a team approach to determine the nature of the risk and any measures that can be taken to manage the risk. The College will make these determinations as the result of an individualized assessment. The College will first seek voluntary cooperation of an affected student, but, if necessary, will take involuntary action.

The College may conduct an assessment when one of the following items of Prohibited Conduct is implicated:

1. Causing physical harm to any member of the College community, on or off College premises, at college-sponsored activities, or threatening such harm.
2. Engaging, or threatening to engage in, behavior that poses an immediate danger to the life, health, welfare, safety, or property of any member of the College community.
3. Engaging in behavior that disrupts or interferes with normal College operations or College-sponsored activities, including but not limited to studying, teaching, College administration, security, fire, police or

emergency services, or behavior that consumes an inordinate amount of college staff time and/or resources.

The purpose of the assessment is to inform decisions about the student's future participation in the College's programs and to assess the level of risk the student poses to the life, health, welfare, safety, or property of the College community. The College will make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence, to ascertain: the nature, duration, and severity of the risk; the probability that the potential injury will actually occur; and whether reasonable modifications of policies, practices, or procedures or, where applicable, the provision of auxiliary aids and services, will mitigate the risk.

#### Assessment

When a student is referred to the Director of Student Conduct for behavior listed in items 1-3, above, the student is required to meet with the Director of Student Conduct and the Director of Student Conduct may include counselors in the meeting. If, following the meeting, the student agrees to have an evaluation, the Director of Student Conduct will refer the student to a qualified professional. The College will incur the cost of the evaluation. If the student does not agree to a voluntary evaluation, the College may refer the student for an involuntary evaluation.

The Director of Student Conduct will convene an Early Intervention Team (EIT) and the qualified professional will share the outcome of the evaluation with the Director of Student Conduct and the EIT team. The EIT team will meet with the student and the student will have the opportunity to provide documents or other information related to the team's assessment. If the student does not provide information or submit to a voluntary evaluation, the College will proceed with the documents or information the College has available, which may include the results of any involuntary evaluation. The team will consider what life, health, welfare, safety, or property concerns the student's behavior raises and whether the risks associated with those concerns can be managed by modifications, support measures, or accommodations. The team may consider the imposition of a behavioral contract, if appropriate, that may include, among other things, consultations with health care professionals or restrictions on participation in Benedictine operations. If the team determines the student poses a risk to the life, health, welfare, safety, or property of any member of the College community, and that the risk cannot be mitigated by modifications, support measures, or accommodations, the student may be required to take a medical leave or voluntary or involuntary withdrawal.

A student may appeal a decision made by the EIT by filing a written appeal to the Vice President of Student Life within three (3) days of being notified of the

EIT's decision. The Vice President of Student Life will review the matter and make a final determination.

#### Return requirements

Following a determination that an individual poses a risk to the life, health, welfare, safety, or property of any member of the College community necessitating a medical leave or voluntary or involuntary withdrawal, the College may require as a precondition to a student's return that the student provide documentation that the student has taken steps to mitigate the previous behavior. The College may request records from the student and request permission to speak to a treating professional. The records and information that will be requested and required are determined on a case-by-case basis depending on what information is necessary to determine whether the student is able to return and fulfill the fundamental requirements of academic and residential life.

---

#### **Interpretation and Revision**

Any question of interpretation regarding the college's student code shall be referred to the Vice President of Student Life or his/her designee and such decision shall be final and binding upon all persons covered by the student code.

---

#### **Maintaining Disciplinary Records**

The college maintains disciplinary records as part of its educational records on each student. Records are kept in the Student Life Office for seven years and may be obtained beyond a student's time of enrollment at the college.

#### **Beanies**

The beanie of Benedictine College represents many things, but it is primarily a way for all to recognize the freshmen at Benedictine College. This allows

freshmen to recognize their fellow classmates and helps them feel a sense of fellowship. It also allows the upperclassman a chance to welcome the new Raven and help him/her adjust to college life. For faculty and staff, the beanie lets them know that these students are new to the college and give them a helping hand whenever possible.

A freshman is expected to wear the beanie everywhere he or she goes except in the shower and in his or her room for one week following ROC week. If a freshman is seen not wearing a beanie anywhere, either on campus or off campus, anyone can make the student caw. “Cawing” is a tradition in which the freshman must stand on the highest object possible and then “caw” three times.

Seniors often wear their beanie under their mortarboard at graduation to signify their memories and the rich tradition that exists at Benedictine College. Sr. Thomasita Homan, OSB, wrote the Official Beanie Blessing in 1988. The beanie is bestowed on freshmen at the end of ROC week with the following blessing being bestowed on the beanies and students who wear them:

Lord God, bless these Benedictine beanies and bring abundant blessings to those who wear them.

May these beanies be symbol of belonging and becoming.

May these newly welcomed Ravens feel fittingly crowned and roundly applauded as these red-and-black beanies rest on their heads, on the summit of their being.

May the circular shape of these beanies remind them of our unending love—all the way to eternity.

May the patched colors symbolize various aspects of their college life.

May each beanie rest worthily on the head, the holder of thought, memory, imagination, and hope. This we ask,

O God of wisdom,

O Creator of Ravens,

O Bearer of good gifts.

+Amen

## **Bed Races**

The bed races at Benedictine College are a long-standing tradition. Each residence hall, the off-campus houses, and the alumni team forms legs of runners that will push a bed along a route designated by the Campus Activities Board. One person is pushed on the bed frame that has been modified with tires and a push bar. Each hall has its own unique looking bed for the race. The winning team receives a trophy and all the glory that comes with this tradition.

### **The Medal of St. Benedict**

St. Benedict, blessed by God both in grace and in name, Patriarch of Western Monasticism, and founder of the Order that bears his name, was born in Nursia, Italy, in 480, and died in 547. As the Cross of our Lord Jesus Christ was the chief object of devotion among the first Christians, so it was also with St. Benedict. It was this devotion to the Cross, the sign of our redemption, that gave rise to the Medal of St. Benedict; for devotion to the Medal of St. Benedict is, above all, devotion to the sign of our salvation. The Saint often employed the sign of the Cross to work miracles and to overcome the devil and his temptations. Hence from the earliest centuries after his death he is represented bearing the Cross of Christ and the Holy Rule.

The Medal of St. Benedict is often placed in the foundations of houses, hung over the doors or on the walls of dwelling places, stables, barns, or attached to automobiles to call down God's blessing and the protection of St. Benedict, and the power of the Church's blessing. Likewise, the Medal of St. Benedict has been placed in the foundations of all the residence halls of Benedictine College. Also no particular prayers are prescribed, as the devout wearing itself is a continual silent prayer. If, however, some extraordinary favor through the use of the Medal is sought, one may make a novena or triduum, making each day the Way of the Cross, or reciting five Our Fathers and Hail Marys in honor of the five wounds of our Lord, and saying some prayers in honor of St. Benedict.

### **Alma Mater: O Lord of Ev'ry Blessing**

On Friday, October 25, 2002, the Board of Directors voted unanimously to approve an alma mater for the College. The chosen hymn is a collaboration of Dr. Ruth Krusemark '73, former Chair of the Music Department, Fr. Andrew Hofer, OP, '94, and Stacy Niedbalski '02. The first official use of this hymn as our alma mater was by the Chamber Singers at the All Saint's Day all-school Mass in 2002. The verses are as follows:

### **Benedictine College Alma Mater**

1. O Lord of ev'ry blessing, we praise you for the place that sits above the river and under heaven's grace. We call her "Alma Mater" from hearts with love aflame and proudly go rejoicing with Benedictine's name.
  2. O hear your ravens calling; in faith we fly to you. For you alone are holy, and you alone are true. Just as the river flowing, you always will provide. So in all things forever may you be glorified.
  3. Surround her with your goodness and keep her in your peace. May Benedictine flourish, her family increase. Like dappled trees in autumn or flowers fresh in spring, your glory casts its beauty where souls in wisdom sing.
  4. This school of your own service has set us on our way to follow you in knowledge unto the endless day. Let fear not daunt our movement toward hope of promise bright as now we run in courage with love's untold delight.

### **The Raven Fight Song**

The "Fight Song," as it is known in Raven country, was composed by the late Fr. Raphael O'Malley, OSB. Fr. Raphael was the Director of the St. Benedict's Abbey Monastic Choir for many years. He had an Irish love for stories, sport, and poetry. Under a warm October sky in 1941 he composed the lyrics and music to the now famous Raven Fight Song.

#### **Words to the Raven Fight Song**

Ravens are flying high in the sky, Cheer them on their way!  
Shout out the black and white battle cry, Victory always!  
Sons of Grand Old Saint Benedict, Raise your banners high!  
Soaring on to glory, faithful to the story, Ravens always fly on high!

### **The Raven Mascot**

Until December 20, 1927, Benedictine's athletic teams were known variously as the Saints, Benedictines, or Fighting Irish. On that date the new name, Ravens, was announced in *The Rambler* student newspaper. The athletic board chose the new name from a host of suggestions submitted in a contest among all the students. The winner of the contest has never been determined. However, Fr. Eugene Dehner, OSB, during his early days around the College, recalls that Father Sebastian Weissenberger, OSB, professor of German, was first to suggest naming the athletic teams "The Ravens."

### **The Raven's role in Benedictine history**

The Raven holds an honored place in the history of the Benedictine Order. Back in the sixth century, a Raven befriended St. Benedict, founder of the order named after him. This particular bird, the legend goes, took poisoned bread from the mouth of the saint on one occasion and on another brought him morsels of bread when Benedict was segregated and starving in the barren mountains of Italy. This and other stories about the life of Sts. Benedict and Scholastica were written by Pope St. Gregory the Great in the *Dialogues*. In view of past actions, the bird was given a place on the escutcheon of Benedictine College.

### **The Raven in Scripture**

"Think of the ravens. They do not sow or reap; they have not storehouses or barns, yet God feeds them. How much more are you worth than the birds" (Luke 12:24).

### **The Raven in Nature**

The Raven derived its name from the Greek words *corvus corax*, which means 'croaker' due to its hoarse voice. The Raven ranges from 21" to 27" long with a 46-56" wingspan. Ravens are an advanced and highly successful family of tough, intelligent and adaptable songbirds. Though shy and wary, they are widespread in both the Old and New World living in a variety of habitats ranging from deserts, mountains and canyons, boreal forests, and rocky seacoasts to the treeless tundra. Ravens are strong fliers, and they are well ordered and much more formal than the average bird.

## **The Rule of Saint Benedict**

Pope John Paul II addressed two documents in 1981 to the entire Catholic Church and to “all men and women of good will.” Inspired by a most urgent desire to help people improve their basic human relations, he wrote the encyclical “On Human Work” and the apostolic exhortation “The Role of the Family in Modern Society.” St. Benedict’s times were as turbulent as our own, though for very different reasons. He wrote his Rule primarily for monks, but its sound principles for working together and living together have proved relevant to people of all classes of society through fifteen hundred years.

Benedict (c. 480-547) lived in sixth-century Italy when the great Roman Empire was disintegrating. Rome had fallen to the barbarians in 410 and was sacked again in 455. Romulus Augustulus, the last emperor, was deposed in 476. Theodoric of Ostrogoths maintained peace during a long reign (493-526), but upon his death the Eastern emperor Justinian tried to regain Rome, and through the remaining years of the century there was constant war as other barbarian tribes invaded the Italian peninsula.

Sometime during the reign of Theodoric, Benedict as a young man left his native Nursia in Umbria to attend school in Rome, but became disgusted with the paganism he saw and renounced the world to live in solitude in a cave at Subiaco, some thirty miles east of Rome. Evidently he had undergone a deep religious experience. In time he came to the notice of people in the neighborhood, and some monks asked him to be their abbot. He consented with reluctance, and after some time the recalcitrant monks sought to poison him. Later another group of monks joined him, and he established twelve monasteries of twelve monks each.

Experience with the envy of the local clergy led Benedict to abandon this settlement, and with some disciples he founded a monastery on the mountain above Cassino, about eighty miles south of Rome. His fame as a holy person spread throughout the area; even as a holy person spread throughout the area; even the king of the Goths, Totila, came to see him. About the year 547 he died. Pope St. Gregory the Great (590-604), whose second book of *The Dialogues* is the only source for information on St. Benedict, notes that St. Scholastica was his sister (traditionally known as his twin sister).

Apart from these meager facts, nothing more is known of the life of St. Benedict. But most of the information from St. Gregory can be corroborated by other historical events of the time. Gregory did not set out to write a biography; his purpose was to show that there were holy people in Italy, not just in the East, and that St. Benedict was a great miracle-worker. He mentions the Rule of St. Benedict and commends it for its discretion and lucidity of style.

“If anyone wishes to know his character and life more precisely, he may find in the ordinances of that Rule a complete account of the abbot’s practice; for the holy man cannot have taught otherwise than as he lived.”

Writers after St. Gregory have noted the same discretion in St. Benedict’s Rule, and this quality more than any other accounts in great part for its longevity. The fact that many men and women throughout the world live it today is supporting evidence.

In the unsettled, strife—torn Italy of the sixth century, Benedict’s Rule offered definitive direction and established an ordered way of life that gave security and stability. He sought to lay down “nothing harsh, nothing burdensome,” but was intent on encouraging the person coming to the monastery: “Do not be daunted immediately by fear and run away from the road that leads to salvation.”

Benedict calls his Rule “a little rule for beginners.” It contains directions for all aspects of the monastic life, from establishing the abbot as superior, the arrangement of psalms for prayers, measures for correction of faults, to details of clothing and the amount of food and drink. The reader will note that some customs are outmoded today, and monks have accordingly modified some of these.

St. Benedict taught that if the monk seeks to answer the call of God—“If you hear his voice today, do not harden your heart”—then he must put all else aside and follow the teaching of Christ in obedience. To this end St. Benedict established a “school for the Lord’s service,” a place where monks learned to serve the Lord in obedience to their abbot, who “is believed to hold the place of Christ.” His spirituality is Christocentric: “the love of Christ must come before all else.” After a year of trial, the novice promises stability, fidelity to monastic life, and obedience. St. Benedict expected his monks to advance on the “path of God’s commandments, [their] hearts overflowing with the inexpressible delight of love.”

Benedict was a keen observer of human nature and realized that people often fail (the abbot must “distrust his own frailty”). He was concerned to help the weak, and consequently he enjoined that the abbot “so regulate and arrange all matters that souls may be saved and the brothers may go about their activities without justifiable grumbling.” Benedict looked to the heart; he sought a spirit of willingness (“First and foremost, there must be no word or sign of the evil grumbling, no manifestation of it for any reason at all”) and sincerity (“Never give a hollow greeting of peace”; “Let us stand to sign the psalms in such a way that our minds are in harmony with our voices”).

The so-called penal code (chs. 23-30, 43-46) is more accurately seen as correctional measures designed for the reformation and healing of the person, not a rigid, brutal structure imposed legalistically. St. Benedict stressed the

importance of the person and the relationship of person's living together. He respected the freedom of the person (the novice is free to leave at any time; the monk; who leaves may be received back even a third time). If there is strictness, the purpose is to "amend faults and safeguard love." He directed the abbot to "arrange everything that the strong have something to yearn for and the weak nothing to run from." It is a humane approach to personal relationships. But it is in approach based on the supernatural: "that in all things God may be glorified." Benedict was a God-oriented man leading like-minded people on the way of the Gospel. In St. Gregory's words, he was a man of God (*vir Dei*).

### **Smaller Traditions**

There are many other smaller traditions at Benedictine College that have developed over the years. This includes Oktoberfest, Mardi Gras, and activities that are specifically related to each residence hall. Many more traditions will be discovered with each generation in our Benedictine family.
