

Description of Blackboard Program Required of All New Cooperating Teachers, Clinical Supervisors and Other Clinical Faculty

All new cooperating teachers, clinical supervisors and other clinical faculty members are required to complete a Blackboarding training module that informs them regarding the unit's conceptual framework and expectations. Shown below is a copy of the "Blackboard Training" entry from the Cooperating Teachers Handbook for Fall 2012.

BLACKBOARD TRAINING

To ensure that you understand our program and what we are asking you to accomplish with your student teacher, we ask that you complete our Blackboard Training Module prior to the arrival of your student teacher. Please log on to our Blackboard site by entering this address in your search engine: <http://eclassroom.benedictine.edu>. Once you have the Blackboard site open, select "User Login." Then enter your "Username" and "Password" using this example: For someone named Mary Smith, her Username would be "marysmith" and her Password would be "fa2012" for the Fall 2012 semester. Should technical glitches arise in completing the module, please contact Dr. Dianna Henderson at diannah@benedictine.edu or call her at (913) 360-7386.
