YOUR ACTION STEPS

1. Submit Enrollment Fee and Housing Application by May 1

Submit your $300 Enrollment Fee and Housing Application when you have decided to attend Benedictine College. The enrollment fee and housing application secure your place at Benedictine College. Submit both online at www.benedictine.edu/apply.

2. Accept or Decline your Financial Aid Award Letter

You can review your award letter in your RavenZone account. RavenZone can be accessed from www.benedictine.edu.

Review your award carefully. You can accept the entire amount, partial amount, or decline any type of aid that is listed. Please log into your RavenZone account to accept or decline your financial aid electronically.

3. Submit Outside Scholarships Immediately

Submit any outside scholarships (checks or documentation) to the Financial Aid Office as soon as possible. The funds will be applied directly to your student account upon receipt of the check(s).

4. Complete Loan Forms after June 1

If you accept any loans, there are additional steps. Please refer to the Loan Process Instructions (page 12) and follow the step-by-step guide to complete the forms to access the funds. Loan funds cannot be disbursed until loan entrance counseling and the applications are complete.

5. Sign Financial Access Release Form by August 1

Family Educational Rights and Privacy Act (FERPA) requires a signed release form by the student authorizing Benedictine College personnel to discuss
Your RavenZone Account

You can access your RavenZone account by visiting https://ravenzone.benedictine.edu.

RavenZone is a students’ one-stop shop for access to all things Benedictine. Log in to get:

- Student email
- College Course Catalog
- Financial Aid
- Degree completion monitor
- Campus dining menus
- Reminders: classes, meetings, to-do list
- Campus news: upcoming events, special announcements, and the weather.

Note: You will receive your log in and password information after your Enrollment Fee is paid.

6. Sign Financial Responsibility Agreement Form by August 1

You are asked to sign this form indicating your consent to the agreement regarding your student account for educational services at Benedictine College. Failure to do so will result in a Business Office Hold on your account, which will limit your access to view grades, request transcripts, add/drop classes, and enroll for future semesters.

Complete and submit the release form found at www.benedictine.edu/billing.

7. Set up a Tuition Payment Plan after July 1

Sign up for an Installment Payment Plan (IPP) through your student account in RavenZone after July 1 by selecting the payment plan option on the student tuition statement.

The link will direct you to the college’s online payment partner, TouchNet, where you can choose from a five-month payment plan that runs from July 15 to November 15, or a four-month payment plan that runs from August 15 to November 15.

There is a $50 application fee per IPP account, per semester for either option. The IPP terms and conditions are contained within the Benedictine/TouchNet webpage.
ABOUT YOUR FINANCIAL AID AWARD

The Award Letter

Your award letter reflects the maximum federal, state, and institutional aid that is available to cover educational expenses while attending Benedictine College for 2016–2017. The figures are derived from the information you submitted on your FAFSA (Free Application for Federal Student Aid).

You are not required to accept any of the financial aid components. You may even choose to use only a portion of the aid components (e.g., loans) if the full amount awarded is not needed. However, if any aid component is declined, alternative means for funding your education (private loans, scholarships from outside entities, payment plans, etc.) are your responsibility.

You must accept your award letter and submit it to the Financial Aid Office in order for aid to be disbursed to your account.

Cost of Attendance Budget for 2016–2017

The Cost of Attendance (COA) is a budget that each college/university is required to create that establishes the maximum amount of financial aid you may receive.

It involves two types of costs: direct and indirect. Direct costs are referred to as costs that are usually charged to the student by the college: tuition, room, board, fees, and books. Indirect costs are expenses that you may incur outside of the institutional costs (travel and miscellaneous/personal expenses). The COA for a beginning freshman residing on campus for the 2016–2017 academic year at Benedictine College is $42,200.

The Total Aid Awarded

This amount refers to your anticipated direct costs as an on-campus student at Benedictine College. While this amount is anticipated, it is important to consider that each student’s enrollment is unique. Your financial situation may cause your actual costs to deviate from this amount.

Gift Aid

Gift aid refers to grants and scholarships that do not require repayment. Award items in this section may include federal and state grants, institutional awards, and scholarships from outside sources. Federal and state awards are subject to eligibility requirements as identified by the awarding agency. Institutional awards may be merit-based (academic) or performance-based (student-athlete awards or music/theatre).

Self-Help Aid

Self-help aid refers to awards that require repayment (e.g., student loans). By completing the FAFSA, you are eligible to participate in the Federal Direct Loan Program with award amounts being established according to your class status (FR-SO-JR-SR). The amount on the award letter reflects your maximum eligibility, and cannot be increased unless you have completed enough credit hours to advance to the next awarding level. Please contact the Financial Aid Office if you think this situation applies.

Subsidized Federal Direct Student Loan

The subsidized Federal Direct Student Loan is need-based and accrues interest that the federal government pays while you are enrolled at least half-time. The loan proceeds that are applied to your account are reduced by an origination fee. Completion of the FAFSA is required to access this loan. After signing your Financial Aid Award Letter, first-time borrowers are required to complete an Entrance Counseling session, as well as sign a Master Promissory Note (MPN). Failure to complete these requirements will delay the disbursement of funds to your billing account.

Perkins Loan

This federal loan program is available to high-need students. Loan interest is subsidized (paid) by the federal government while you are enrolled at least half-time. A repayment grace period of nine months follows if you leave school or are enrolled less than half-time. Eligibility is determined by filing the FAFSA. Awarding is subject to availability of funds. You will be required to file the necessary paperwork with the Financial Aid Office.
Unsubsidized Federal Direct Student Loan

The unsubsidized Federal Direct Student Loan is not need-based and accrues interest* while you are enrolled at least half-time. The loan proceeds that are applied to your account are reduced by an origination fee.** Completion of the FAFSA is required to access this loan. After signing your Financial Aid Award Letter, first-time borrowers are required to complete an Entrance Counseling session, as well as sign a Master Promissory Note (MPN). Failure to complete these requirements will delay the disbursement of funds to your billing account.

* Established annually by the U.S. Dept. of Education prior to the beginning of the upcoming academic year.
** Established annually by the U.S. Dept. of Education and applicable to any loans disbursed during the specified academic year.

Federal Direct Parent PLUS loan

The Parent PLUS (Parent Loan for Undergraduate Students) is a federal loan that a parent may utilize to assist in paying your remaining balance and/or to assist with your indirect costs (travel, personal/miscellaneous). The award amount listed on your Financial Aid Award Letter reflects the anticipated cost of attendance (COA) minus any other resources (gift aid, scholarships, etc.) that have been or will be applied to your account.** Completion of the FAFSA is required to access this loan. After signing your Financial Aid Award Letter, the PLUS loan must be completed by the U.S. Dept. of Education prior to the beginning of the upcoming academic year, and the proceeds will be applied to your account.

Work Study

There are two types of work study: (1) Federal Work Study and (2) Institutional Work Study. Federal Work Study is a need-based program and is limited to students who are enrolled at least half-time. The loan proceeds that are applied to your account are reduced by an origination fee.** Completion of the FAFSA is required to access this loan. After signing your Financial Aid Award Letter, first-time borrowers are required to complete an Entrance Counseling session, as well as sign a Master Promissory Note (MPN). Failure to complete these requirements will delay the disbursement of funds to your billing account.

* Established annually by the U.S. Dept. of Education prior to the beginning of the upcoming academic year.
** Established annually by the U.S. Dept. of Education and applicable to any loans disbursed during the specified academic year.

Institutional Work Study refers to on-campus jobs that do not meet the federal guidelines. Please contact the Financial Aid Office to determine your eligibility for work study. Student paychecks are issued in accordance with Benedictine College payroll schedules. Work study earnings are not applied to your billing account and should be considered discretionary spending money earned throughout the semester.

Alternative (Private) loans

These loans are available via private lenders. The student is the borrower. Most commonly, such loans require a cosigner. The applicable interest rate is determined by the applicant/cosigner credit score and by the individual lender’s loan program offering. A list of available lenders can be accessed via the www.benedictine.edu.

FAFSA® application for federal student aid

Use this form to apply free for federal and state student grants, work-study, and loans. Or apply free online at www.fafsa.gov.

Applying by the Deadline:

For federal aid, submit your application as early as possible, but no earlier than January 1, 2016. We must receive your application no later than June 30, 2017. Your college must have your correct, complete information by your last day of enrollment in the 2016-2017 school year. Your financial aid counselor can tell you when you must turn in your paperwork. If your college has not received the application by your last day of enrollment, your college cannot award you the aid for the upcoming year.

Using your Tax Return:

We recommend that you complete and submit your FAFSA as soon as possible on or after January 1, 2016. If you (or your parents) need to file a 2015 income tax return with the Internal Revenue Service (IRS), and have not done so by the time you submit your FAFSA, you may use estimated tax information and then you must correct that information after you file your return.

Filling out the FAFSA:

If you or your family experienced significant changes to your financial situation (such as loss of employment, job loss, or unanticipated medical expenses), complete this form to the extent you can and submit it as instructed. Consult with the financial aid office at the college(s) you applied to or plan to attend to see if there is any way you can complete the application. For help in filling out the FAFSA, go to www.studentaid.gov/compleatfafsa or call 1-800-433-3243. TTY users for the hearing impaired may call 1-800-730-8913. Fill in the information directly on your screen or print the form and complete it by hand. Your answers will be read electronically. If you complete the form by hand:

- Use black ink and fill in circles completely.
- Print clearly in CAPITIAL letters and skip a box between words.
- Report dollar amounts (such as $12,356.41) like this:

  $12,356.41

  For more information or to apply online, go to www.fafsa.gov.

DEBT MANAGEMENT

How much should I borrow?
We strongly encourage borrowers to carefully weigh the need for loans and to borrow only what is actually needed. We encourage you to estimate and plan your repayment obligations prior to borrowing.

For federal student and parent loans, borrowers should be aware of the repayment options that are available. In addition, there are a number of deferment or forbearance provisions available once the loan is in repayment. Some qualifying majors and professions, such as teaching, may benefit from federal and state loan forgiveness/cancellation provisions.

How do I track and manage my student loans?
To keep track of your student loans or to contact your loan servicer for repayment, log on to the National Student Loan Data System (NSLDS) at nslds.ed.gov or call the Federal Student Aid information Center at 1-800-4-FED-AID (1-800-433-3243; TTY 1-800-730-8913). The FSA ID that was used as your electronic signature when completing the FAFSA must also be used to gain access to NSLDS.

This website will not only show you all of the federal and private loans you borrowed, but also who is the servicer for your loan(s). The servicer is the entity you will be corresponding with to coordinate repayment.

To see a list of Federal Student Aid servicers for the Direct Loan Program and for the Federal Family Education Loan (FFEL) Program Loans purchased by the U.S. Department of Education, go to the Loan Service Page.

If you have borrowed loans in the past through the FFEL Program (e.g., a federal loan serviced by Bank of America, Wells Fargo, Citibank, etc.) these loans may have been sold to a third-party processor. Please refer to Understanding the PUT Program under the loan consolidation section for more information.

How do I repay my student loans?
Your loan service provider will provide information about repayment and will notify you of the date loan repayment begins. It is very important that you make your full loan payment on time either monthly (which is usually when you will pay) or according to your repayment schedule. If you don’t, you could end up in default, which has serious consequences (see What is Loan Default?). Student loans are real loans—just as real as car loans or mortgages. You have to pay back your student loans. Can you repay your loans while in school? Yes. Contact your loan servicer through nslds.ed.gov.

How do I qualify for teacher loan forgiveness/cancellation?
If you are a full-time teacher and have taught for five complete and consecutive academic years in certain elementary and secondary schools and educational service agencies that serve low-income families, and meet other qualifications, you may be eligible for forgiveness of up to a combined total of $17,500 on your Direct Subsidized and Unsubsidized Loan. If you have PLUS Loans only, you are not eligible for this type of forgiveness. More information on this can be found on the Department of Education’s website at: studentaid.ed.gov/repay-loans/forgiveness-cancellation/charts/teacher.

How do I qualify for public service loan forgiveness?
You may qualify for this program if you work in a public service job. There are multiple jobs that are considered public service, some of which are military service, law enforcement, and public education.

The Public Service Loan Forgiveness (PSLF) Program provides for forgiveness of the remaining balance of a borrower’s eligible loans after the borrower has made 120 qualifying payments on those loans. In general, only borrowers who are making reduced monthly payments through the Direct Loan Income Contingent or Income Based repayment plans will have a remaining balance after making 120 payments on a loan.

What repayment plans are available to me?
When it comes time to start repaying your student loan(s), you can select a repayment plan that’s right for your financial situation. Generally, you will have from 10 to 25 years to repay your loan, depending on which repayment plan you choose.

Standard Repayment
With the standard plan, you will pay a fixed amount each month until your loans are paid in full. Your monthly payments will be at least $50, and you will have up to 10 years to repay your loans. Your monthly
payment under the standard plan may be higher than
other plans because your loans will be repaid in the
shortest time, which means you may pay less interest.

Extended Repayment
Under the extended repayment plan, you will pay
a fixed annual or graduated repayment amount over
a period not to exceed 25 years. If you are a FFEL
borrower, you must have more than $30,000 in
outstanding FFEL Program loans. If you are a Direct
Loan borrower, you must have more than $30,000 in
outstanding Direct Loans.

This is a good plan if you will need to make smaller
monthly payments. Because the repayment period will
be between 10 and 25 years, your monthly payments will
be less than with the standard plan. However, you may
pay more in interest because you are taking longer to
repay the loans. Remember that the longer your loans
are in repayment, the more interest you will pay.

Graduated Repayment
With this plan, your payments start out low and
increase every two years. The length of your repayment
period will be up to 10 years. If you expect your
income to increase steadily over time, this plan may be
right for you.

Your monthly payment will never be less than the
amount of interest that accrues between payments.
Although your monthly payment will gradually
increase, no single payment under this plan will be
more than three times greater than any other payment.

To calculate your estimated loan payments, go to the
Graduated Repayment Plan Calculator.

Income-Based Repayment (IBR)
Under IBR, the required monthly payment is capped
at an amount that is intended to be affordable based on
income and family size.

You are eligible for IBR if the monthly repayment
amount under IBR will be less than the monthly
amount calculated under a 10-year Standard Repayment
Plan and exceeds 15 percent of the difference between
your adjusted gross income (AGI) and 150 percent of
the poverty line for your family size in the state where
you live. If you repay under the IBR plan for 25 years
and meet other requirements, you may have any
remaining balance of your loan(s) cancelled.

Additionally, if you work in public service and have
reduced loan payments through IBR, the remaining
balance after 10 years in a public service job could be
cancelled. For more important information about IBR
go to IBR Plan Information.

Income-Contingent Repayment Plan (ICR)
Under this repayment plan, payments are calculated
each year and are based on your annual income, family
size, and the total amount of your Direct Loans for up
to 25 years. If you are married, your spouse’s income is
included into your annual income calculation.

Eligible federal loans are the Direct Subsidized
Loans, Direct Unsubsidized Loans, Direct PLUS
Loans made to graduate or professional students, and
Direct Consolidation Loans (except Direct PLUS
Consolidation Loans). Any loans under the FFEL
Program and Direct PLUS Loans made to parents,
unless consolidated into a Direct Consolidation
Loan on or after July 1, 2006, are not eligible for this
repayment program. If you have not repaid your loans
after 25 years, any unpaid portion will be forgiven.
Taxes may need to be paid on any amount that has
been forgiven.

Income-Sensitive Repayment Plan
This is available to borrowers who have FFEL Program
Loans. Payments under this plan increase or decrease
based on your annual income.

Your monthly payment is based on your annual
income and as your income changes, so do your
payments. Your loan payments are spread out over the
maximum of 10 years. Direct Loans are not eligible
under this program.

If, because of the PUT Program, you have FFEL
Program Loans owned by the U.S. Department of
Education, contact your loan servicer. If you have
FFEL Program loans that are not owned by the U.S.
Department of Education, contact your lender. Loan
servicers’ and lenders’ contact information can be found
on the National Student Loan Data System (NSLDS) web
site: repay-loans/forgiveness-cancellation/charts/teacher.
PAYING YOUR BILL

When Is my bill due?

Fall semester tuition payment is due August 1
Spring semester tuition payment is due January 1
Billing Statements are sent electronically only.

In early July, you will receive a notice through your Benedictine email account that your statement is ready to be viewed. If you want your parents (or guardians) to receive email notices from the Office of Student Billing, please designate them on the Financial Access Release Form, discussed on page 4.

Campus charges (tuition, room, and board) are applied to student accounts prior to the beginning of the upcoming semester. Financial Aid is applied in the same manner. If payment is being made with the assistance of Financial Aid, all documents must be submitted to the Office of Financial Aid as soon as possible and aid should be secured by the tuition due date to avoid Business Office holds and late fees.

How do I pay my bill?

1. Pay online in full through your student account in RavenZone:
   a. By using MasterCard, Visa, Discover or American Express credit cards.
   b. By making an electronic check payment. Please have your bank account and bank routing number available when making your online payment. Only checks from a regular checking or savings account are accepted. (Checks issued from credit card companies, money market accounts, home equity or other lines of credit cannot be processed as electronic check payments.)

2. Pay in full using a paper check or money order by mail. Please be sure to write your student ID in the memo line and mail along with your check to:
   Benedictine College
   PO Box 871048
   Kansas City MO 64187-1048

3. Pay monthly by enrolling in an Installment Payment Plan (IPP). Payment Plans are offered each semester. After July 1, you can sign up for an IPP through your student account in RavenZone by selecting the payment plan option on the student tuition statement. The link will direct you to the college’s secure online payment partner, TouchNet, where you can choose from a five-month payment plan that runs from July 15 to November 15, or a four-month payment plan that runs from August 15 to November 15. There is a $50 application fee per IPP account per semester for either option. The IPP terms and conditions are contained within the Benedictine/TouchNet webpage.

4. Pay through other means. If you plan to use funds from a 529 Plan or other specialized monies (e.g., military benefits) to pay your account, please inform the Office of Student Billing at 800-467-5340, ext. 7403.

I am expecting a Refund, what are my options?

If you have a credit balance on your account, you can use it for the following:
   • Purchase books through the College Virtual Bookstore with a Book Voucher obtained by the Office of Student Billing.
   • Purchase Raven Bucks.
   • Receive an electronic refund of the credit to your bank account by enrolling through your RavenZone student account. It typically takes a week to verify bank information. Electronic refunds (eRefunds) are processed securely through the college’s online partner, TouchNet.

Call the Office of Student Billing at 800-467-5340, ext. 7403 with any questions.

Who is eligible to receive federal financial aid?
You must: be a U.S. Citizen; have a valid Social Security number; comply with Selective Service registration; have a high school diploma, a GED, or pass the ATB test; and be enrolled or accepted for enrollment in a degree or certificate eligible program.

What is the FAFSA?
It is the Free Application for Federal Student Aid. It is FREE and easy to do. Completion of the FAFSA is required to be eligible for Federal/State grants and loans. You can complete it online at www.fafsa.gov. This online application must be signed electronically by both the student and one parent. Each must obtain a FSA ID that will be used to complete the FAFSA. The login can be obtained at https://fsaid.ed.gov.

When should I file the FAFSA?
During your senior year in high school after January 1. We recommend you file between January 1 and March 15 for Kansas residents and by April 1 for out-of-state residents.

Do I have to complete the FAFSA each year?
Yes. Funding for federal programs changes from year to year. A FAFSA must be completed each year to be eligible for federal/state financial aid to the applicable year.

What is Benedictine College’s Title IV School Code?
010256

Do I have to file Federal Income Tax returns before completing the FAFSA?
Do you have to? NO. Is it recommended? YES! It will be easier to answer the questions on the FAFSA if the tax returns are completed. If you have not completed your tax return, you may use estimates on your tax information to complete the FAFSA. Once you have completed your tax returns, you are responsible for updating your FAFSA with actual income tax information, which may result in changes to your aid eligibility.

What documents do I need to complete the FAFSA?
You will need: your Social Security Number, Driver’s License, Federal Income Tax Return, or IRS Tax Return Transcript, bank statements, and investment records.

How do I know if it will be worthwhile for me to complete the FAFSA?
If your expected family contribution (EFC) is less than the cost of attendance (COA), you may benefit from completing the FAFSA. We suggest at least completing it for the first year to see what the results will be. For Kansas residents, the FAFSA must be completed by April 1 to qualify for any aid from the state. Students also will need to file the FAFSA to be able to participate in the work study program or utilize the Federal Direct Student Loan Program.

What is an “EFC”?
The acronym “EFC” stands for Expected Family Contribution. It is the result from the FAFSA as
calculated by the Department of Education. It is used to determine eligibility for need-based aid programs, such as Pell Grants, Institutional aid and federal need-based loans.

**What are institutional scholarships?**
Scholarships provided to students based upon academic performance (GPA and ACT/SAT scores), athletic or extra-curricular participation, or awards provided through the school’s endowment.

**What if my family has encountered special circumstances not covered in the FAFSA?**
A request for special consideration is a process that allows a student to report unusual circumstances that may impact his or her ability to afford an education at Benedictine College. Students may submit the Supplement Data Worksheet for consideration and submissions will be reviewed on a case-by-case basis.

**If I am considering transferring to Benedictine College what should I do?**
You should complete the Admission process and have all official transcripts from all schools sent to Benedictine. You also should add the Benedictine College school code (010256) to your list of colleges on your FAFSA. We will then send you an award letter/package once you are accepted by Admission.

**What does it mean if I am selected for “verification”?**
The Department of Education selects a portion of all FAFSA applications for a process called verification. The school you are attending must verify certain information listed on your FAFSA. You will need to complete the verification process as identified by Benedictine College. If you were successful in utilizing the IRS DRT, the majority of the verification may be complete. You will receive notification from Benedictine regarding any additional information requirements needed. This process may affect your original EFC.

**What is an IRS tax transcript?**
The IRS Tax Transcript is the official record of your income tax filing for a specific year. It can be accessed at www.irs.gov. IRS tax transcripts are available 7-10 days after electronically filing your income taxes. Tax transcripts are provided directly from the IRS. Your tax return is NOT a tax transcript.

**Can I fax my verification documents?**
Yes. These documents can be faxed to 913-367-5462. You can also scan and email the documents to finaid@benedictine.edu.
