A link to the online application form is available at <https://www.benedictine.edu/academics/international/study-abroad/florence-summer>. In addition to completing and submitting the online form you have to pay a \$400 fee at the Business Office (located in STB 3rd floor).

When will I know if I have been accepted into the program?

Students are notified if they are accepted about a week after the deadline, and anyway before registration for summer starts. The specific date is indicated in the application packet.

How many people are accepted into the program every semester?

The maximum capacity is currently 30 students.

What are the selection criteria if you receive more than 30 applications?

Selection criteria include seniority in college, majors that require study abroad or have restrictions on the semester when students can go abroad, GPA, business office and student life record (students must not be on probation and have no big or recent disciplinary issues).

Will I get the deposit back if I am not accepted? What about if I withdraw?

You will get the \$400 back if you are not accepted. If you withdraw after you have been accepted for the program, you will get the refund only if your spot is filled by another student. If this doesn't happen, the college will consider the possibility to refund all or part of the deposit if the withdrawal is due to serious reasons that are beyond the student's control. You can also choose to roll the payment over to the next summer in case you intend to apply again.
