LIBRARY

Food and Beverages in the Library Guidelines

- ✦ Food and beverages are permitted in the Library, but students are expected to clean up after themselves
- ✦ Library materials (books, periodicals, etc) and the computers in labs 224 and 225 should be kept free of food residue
- ✦ Beverages are permitted in the labs (Library 224 & 225)
- ✦ Food is **NOT PERMITTED** in the labs (Library 224 & 225)
- ✦ The seating area on the lower level is designated as a place for individuals or small groups of students sharing a pizza or other food that can be described as hot or greasy
- ✦ If the presence of food becomes a distraction, the Supervisor reserves the right to deal with the situation according to his or her discretion.

- ✚ If a student or students consistently fail to clean up after themselves, the Supervisor and the Library Director reserve the right to restrict these individuals from bringing food into the Library
- ✚ While food and beverages are permitted, the Library remains primarily a place for study and learning. If a “party atmosphere” develops, the Supervisor should intervene.
